

54V XR FLEXVOLT Mitre Saw (250 mm) (2 X 6 Ah)

DCS727T2-QW

Base and fence designed, machined and checked to the highest standards of accuracy to deliver 0.1° accuracy in key applications

Cam action mitre lock function makes mitre setting faster and easier allowing the user to quickly adjust angles between 0° – 50° left and 0° – 60° right

Compact and lightweight design characteristics deliver a saw with application focused capacities which is easy to transport around the jobsite

The innovative grooving stop allows the adjustment of the cutting depth for grooving and rebating applications

The large dual sliding fence gives maximum support in large material cuts at any angle or combination of angles

Sound Pressure Uncertainty	3 dB(A)
-----------------------------------	----------------

Sound Pressure	100 dB(A)
-----------------------	------------------

Weight (incl. battery)	21.5 kg
-------------------------------	----------------

Battery Chemistry	Li-Ion
--------------------------	---------------

Battery Capacity	54 Ah
-------------------------	--------------

Power Source	Cordless
---------------------	-----------------
