Supports:

The Lexar® Professional Workflow Reader Solution includes a four-bay reader hub and your choice of readers, supporting today's most popular card formats. Pick and choose the right reader combination for your needs, use the hub system with PC or Mac®, and take control of your workflow.

Transfers images from up to four memory cards at once. Whether four of the same format or four completely different card types, the solution lets you offload your work, faster.

Modular design. The solution includes a four-bay reader hub and your choice of readers, supporting SDHC™/SDXC™ UHS-I, UDMA 7 CompactFlash®, and XQD™ formats. Pick and choose the right reader combination for your needs. Remove readers from the hub for individual use on the go.

Fast file transfer. Transfer RAW images, high-res photos, and HD, 3D, and 4K video files at USB 3.0 speeds when using a USB 3.0 port.

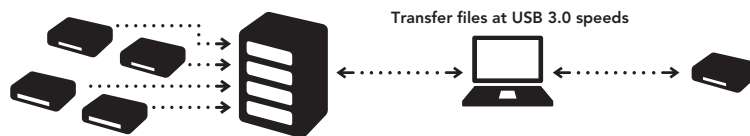

Simple setup and use. Simply plug your readers of choice into the hub and start transferring files. It's that easy. Eliminate cable clutter while using just one USB port with this four-bay solution, and take control of your workflow.

Future-proof your workflow setup. The modular design of the Professional Workflow Reader Solution makes it adaptable to changing technology. As Lexar introduces new card formats for this system, you'll be able to swap in new readers to meet your changing needs.

Warranty. The Lexar Professional Workflow Solution (hub and all four readers) is backed by a two-year limited warranty.

Rigorously tested. All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

When memory matters, the choice is Lexar. With a history of more than 15 years in the industry, we know memory. We move quickly with technology to design the solutions you need, and work with device manufacturers to make sure our products are compatible. Then we stand behind them with outstanding warranties and helpful customer service. We're dedicated to performance, reliability, and expert support, so when it comes to storing the memories that matter, trust Lexar.

Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, and USB flash drives. With so many options, it's easy to find the right Lexar solution to fit your needs.
