Wheels Non-Reinforced Cut-Off - NRCO

Flat cutting off wheel Non-Reinforced Cut-Off-Norton NRCO-180x1x31.75-57A60RB25

Artical Number :69936625781

EAN :3157625803336

Video 1 :

Description

Non-reinforced cut-off wheels are only designed for use on fixed base machines, where the work is securely clamped, the wheel is adequately guarded and operating on a controlled cutting plane. They are suitable for use in dry or wet conditions, depending on bond type.

Features

Pure semi-friable 57A aluminium oxide or blended 23A of 57A aluminium oxide & white monocrystalline 32A aluminium oxide

57A: Less tough than type A abrasive but offers better cutting quality thanks to its pointed shape.

57A: Less tough than type A abrasive but offers better cutting quality thanks to its pointed shape.

Benefits

Cool & burn free cutting

Very versatile: suitable for all steels

57A: Good compromise between cut quality & wheel life 23A: Improved metal removal rate compared to 57A pure semifriable aluminium oxide abrasive

57A: Ideal for heat-sensitive applications with light to moderate feed rates

Application Data

Material Application :

STEEL

Machine :

Stationary (Industrial)

Process :

Cut-Off

Equipments :

Technical Data

WheelType: Flat cutting off wheel

ExternalSpecification: 57A60RB25

EndUse: NON-REINFORCED CUTOFF WHEELS

FaceProfile:

Diameter: 180

Thickness: 1

ArborHole: 31.75
