Product Description

RS PRO Inspection Windows for Enclosures

Introducing inspection windows for enclosures from our trusted and reliable own brand RS PRO. This range of inspection windows are an excellent addition of accessories for enclosures, increasing visibility of internal electrical parts and components without coming into contact with them or opening the lid of the enclosure. This range of spring loaded inspection windows are ideal for troubleshooting on the go and can be secured via thumb screws for extra security. These inspection windows for enclosures are made using a durable polycarbonate and offer an IP rating of IP67, offering excellent protection from dust and liquids indoors and outdoors.
