<b>Product class:</b>	SEMIPACK
<b>Subject of change:</b>	Change of housing sealing and module packaging for SEMIPACK 1 6th generation modules

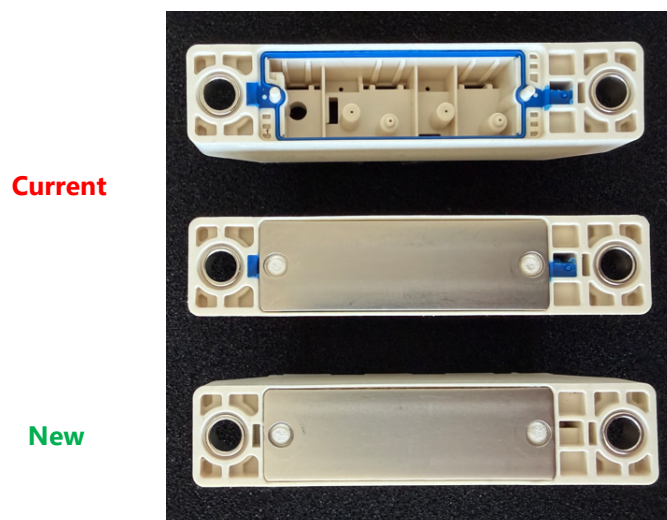

<b>Time schedule:</b>	Earliest November 2026
<b>Last order date:</b>	N/A
<b>Last delivery date:</b>	N/A

Dear valued partner,

We would like to inform you of a relevant change to the mentioned products and assure you that Semikron Danfoss will work closely with you to support your requirements during this transition. According to the standard J-STD-046 no response to this notification within 30 days after receipt constitutes acceptance of the change.

### DETAILS OF CHANGE

- Description:**
- 1) Replacement of the sealing between the housing and the baseplate of legacy SEMIPACK 1 6<sup>th</sup> generation modules, substituting the blue seal with an industry standard adhesive.

The new sealing is already used in the latest module types, such as SKKT 140/16 E and SKKH 60/16.

<b>Revision:</b>	0	<b>Author:</b>	Rastislav Kosiba

2) The packaging of SEMIPACK 1 6<sup>th</sup> generation modules will also be updated. The new packaging will be identical to that used for SEMIPACK 1 5<sup>th</sup> generation modules.

	Current packaging	New packaging
		
Size (W x L x H)	20.5 x 15.5 x <b>4.5</b> cm	20.5 x 15.5 x <b>3.5</b> cm
Number of modules	12 pcs	12 pcs
Inlay on the bottom	Yes Black foam (0.5 cm)	No
Filler material for incomplete boxes	Black foam	Cardboard

**Reason:** 1) Harmonization of the sealing concept. 2) standardization of the packaging and removal of foam material from the packaging

**Impact:** No impact on form fit and function of the modules, change of packaging height

**Identification:** By lot number

**Qualification:** Qualification according to internal Semikron Danfoss standards, performed on SKKT 140/16 E

**Supporting Documents:** Qualification report on request
