

BETA RSC50 2.0 NAC Self-supporting complete corner, for workshop equipment combination RSC50 2.0

Features

The self-supporting complete corner unit is a must-have for those who want an impeccably tidy workshop.

SPACE OPTIMISATION

The RSC50 2.0 self-supporting complete workshop corner maximises the use of workshop corner space, allowing professionals to have everything within easy reach.

IMPECCABLE ORGANISATION

Thanks to the perforated panels and large storage compartment, you can keep your tools and materials perfectly tidy and easily accessible.

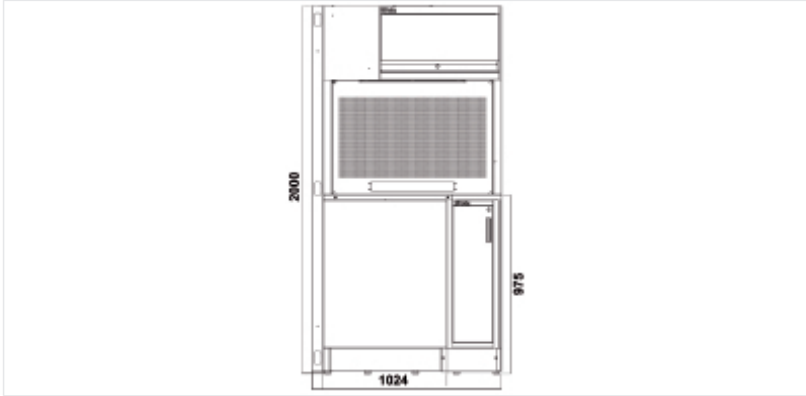

STURDINESS AND DURABILITY

High-quality materials, such as the PVC-coated sheet metal work surface, guarantee long service life and protection from the chemical elements.

CUSTOMISATION

Possibility to customise the worktop with a touch of elegance by choosing between our two colour variants: light grey and anthracite grey.
