

## Features

- Accepts cable diameters of upto 21mm
- Can be used with a maximum panel thickness of upto 3mm Thick.
- REACH and ROHS Compliant

## RS PRO Black Polychloroprene 28mm Cable Grommet for Maximum of 21mm Cable Dia

RS Stock No.: 0428015

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

*This 28 mm round cable grommet from RS PRO is designed for easy installation, providing protection for wires while keeping your project neat. To use, simply cut a hole to the required size, insert the grommet into the panel, and pass the cable through.*

*It accommodates cables with diameters between 1 mm and 21 mm and can also function as a blanking grommet to seal unused panel openings, preventing dust and moisture ingress. This grommet is compatible with panels up to a maximum thickness of 2mm.*

*Made from black polychloroprene rubber, it is suitable for temperatures ranging from -30°C to +90°C.*

## Specifications

|                               |                 |
|-------------------------------|-----------------|
| Grommet Type                  | Cable Grommet   |
| Material                      | Polychloroprene |
| Colour                        | Black           |
| Maximum Panel Thickness       | 2mm             |
| Minimum Cable Diameter        | 1mm             |
| Maximum Cable Diameter        | 21mm            |
| Panel Hole Diameter           | 28mm            |
| Minimum Operating Temperature | 90°             |
| Maximum Operating Temperature | -30°            |
