Magnetic Swipe Card Reader

(With Power)

Model Number: KYB500-C202A3USB

About:

The Accuratus Magnetic Card Reader is powered directly from the interface port without need for additional power supply unit.

Bi-directional reading allows for full control and data access whilst conforming to full Health and Safety regulations.

The green status light indicates a successful read each time and the non-slip rubber feet secure the reader firmly in use.

The Accuratus 500 series of banking and retail hardware offers durable solutions for all EPOS applications
