RS Pro Termination Tool

RS Stock No: **425-8635**

Product Details

RS Pro termination tool is an all-metal connector designed for terminating the polymer fibre optic cables. The connector consists of a nickel-silver ferrule, nickel plated brass coupling nut and a polyolefin heat shrink, strain relief sleeve and only requires the use of a scalpel and application of a suitable adhesive and heat to complete a professional termination with a maximum coupling loss of 2 dB per connector.

Features and Benefits

- All-metal connector designed for terminating the polymer fibre optic cables
- Consists of a nickel-silver ferrule, nickel plated brass coupling nut
- Requires the use of a scalpel and application of a suitable adhesive and heat to complete a professional termination
