

ISO 11611 :2015 :Classe 2
A1+A2

ISO :11611

PERFORMANCE Mechanical:

- ISO 13688: 2013/ A1: 2021
- ISO 11611: 2015 Classe 2 A1+A2
- In compliance with EU regulation 2016 / 425, Declaration available on: guyard-sa.com

Description :

Chrome-tanned cowhide crust leather gaiter with footbed. The gaiter is fastened with buckle straps on the leg and under the shoe.

Sewn with para-aramid thread. Gaiter height 31 cm.

Recommendations :

Welding, grinding, sandblasting. Depending on the class indicated. The garment offers protection against limited flame propagation, small splashes of molten metal, radiant heat and accidental short-term electrical contact.

Protection limits :

Type of protective clothing used during welding and related techniques class 2.

Not suitable for handling chemicals or liquids.

This garment must be used properly tightened and closed, and always in combination with protective pants and jacket, with protective performance similar to that of gaiters, to ensure complete coverage of the fitting area.

For complete protection against the hazards encountered by welders, PPE covered by other standards should also be worn to protect the head, face and hands.

Packaging, care & maintenance, stock-age :

The garment is packaged in pairs. No special care is recommended. We recommend storing the products in a cool, dry, well-ventilated, dark place.

Before re-use, please check the garment visually for any defects, holes, tears or wear. If the wearer suffers symptoms similar to sunburn, UVB rays are being transmitted. The garment should be repaired or replaced, and additional, more resistant protective layers should be considered.

Recycling :

Safe destruction by mechanical shredding or incineration.

Marking :

The CE mark affixed to these gaiters signifies compliance with the essential health and safety requirements of European Regulation 2016/425 on personal protective equipment (PPE).

Safety :

We declare that the product does not contain substances at levels that are known or suspected to have adverse effects on the hygiene or health of the user under foreseeable conditions of use. Its design does not cause irritation or discomfort to the wearer.
