

FEATURES

- **2:1 shrink ratio:** Allows for a snug fit over irregular shapes and sizes, ensuring secure insulation.
- **Polyolefin material:** Provides excellent durability and resistance to chemicals and abrasion.
- **Halogen-free:** Reduces the risk of toxic smoke in case of fire, enhancing safety.
- **20 mm sleeve diameter:** Suitable for a wide range of cable sizes, offering versatility in applications.
- **10 m sleeve length:** Provides ample material for multiple uses, reducing the need for frequent reordering.
- **REACH and RoHS compliant:** Meets key environmental and safety standards, ensuring regulatory compliance.

RS PRO 2:1 Heat Shrink Tubing, Polyolefin, 20 mm

RS Stock No: 671-558

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO heat shrink tubing is designed to provide reliable insulation and protection for electrical connections. Made from durable polyolefin, it offers a shrink ratio of 2:1, making it ideal for bundling wires and protecting against abrasion. The tubing is halogen-free, ensuring safety and compliance with environmental standards.

General Specifications

Colour	Black
Flame Retardant	No
Halogen Free	Yes
Product Type	Heat Shrink Tubing
Shrink Ratio	2:1

Mechanical Specifications

Material	Polyolefin
Shrunk Diameter	6 mm
Sleeve Diameter	20 mm
Sleeve Length	10 m

Approvals

Standards/Approvals	REACH, RoHS
