

Sometimes efficiency just looks good

DESIGNED
& MADE IN
DENMARK

New member of the EDGE Family

We are proud to introduce the new Bristled Hand Brush with soft or medium filaments. Ideal for sweeping fine particles - such as flour - from conveyor belts, food preparation

surfaces, tables and equipment. Suitable for use with Vikan Dustpan, 5660x. Even more efficient, even more ergonomic and even more beautiful – Vikan EDGE

Bench Brush EDGE Series

Hanging hole

Easy-to-clean hanging hole.

Materials

Meets FDA and EU food contact regulations.
Designed and made in Denmark.

Improved ergonomics

Finger support delivers a better grip and prevents the brush from slipping in the hand (also found on 4190x, 4192x, 4194x, 4182x, 4186x).

Comfortable grip

Rounded underside of handle provides a comfortable grip, which rolls in the palm the hand when sweeping from side to side.

Hygienic design

Convex and rounded lines for easier brush cleaning.

EDGE product series

Defined lines for visual reference to the EDGE product series and to provide a more comfortable grip for the user.

Improved access

Angled filaments enable better access into crevices.

Colour codes

4587x Soft filaments
4589x Medium filaments
