Gaming and Multimedia Storage

Lexar offers a comprehensive line of award-winning memory cards in various speeds, formats, and capacities. With so many options, it's easy to find the right Lexar® memory card to fit your needs and lifestyle.

The Lexar Gaming Memory Stick PRO Duo™ is specifically designed for gaming enthusiasts using Sony® PlayStation™ Portable (PSP™) or PlayStation 3 (PS3™) entertainment systems. It allows you to capture gaming data and multimedia files in user-friendly Memory Stick format, and is available in 2GB, 4GB, and 8GB capacities.

Take Gaming to the Next Level

Enjoy High-Capacity Performance. The Lexar Gaming Memory Stick PRO Duo is designed with your Sony PSP or PS3 in mind by giving you the ability to reliably transfer, store, and play your favorite gaming and multimedia content. In addition to storing all your gaming data, the Lexar Gaming memory Stick PRO Duo is a great place to keep your multimedia files—music, movies, photos, video, Internet favorites, and more.

Maximize Your Gaming Experience. With the Gaming Memory Stick PRO Duo, you can download, save, and manage all your gaming data. The card allows you save your progress in a game, store custom settings, and safeguard your high scores, cheat codes, characters, and skins. The Lexar Gaming Memory Stick PRO Duo lets you unleash the power of your Sony PSP or PS3.

Versatile Storage. The Lexar Gaming Memory Stick PRO Duo is available in a range of capacities up to 8GB, allowing you to easily store a large amount of gaming data, as well as MP3 files, movies, and your Internet favorites. The card works with all Sony Memory Stick PRO Duo devices, including your Sony MP3 player, cameras, video cameras, mobile phones, and computers with a Memory Stick PRO Duo slot. With a variety of capacity options and uses, the Lexar Gaming Memory Stick PRO Duo is an excellent solution to your gaming storage needs and beyond.

Lexar. When Memory Matters.™

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
