RS Stock No.: 0726453

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This is a black, recessed pull grip made of durable PA6 GF30. Designed for panel thicknesses between 0.8–1.2 mm, it clips into the door without tools and locks behind the panel for a flush finish. The grip snaps into place instantly and resists corrosion, making it ideal for clean, compact installations in industrial cabinets and enclosures.
