## products New

**THE WORKSTATION**  
The workstation is the perfect solution for even more precise working with the Dremel tools and accessories.

**THE DREMELITE**  
The Dremelite is the new flexible light that you can attach to your tools or other attachments. It is a light that is easy to light up your work surface. The DREMELITE is ideal for hard to reach, dim places and/or precise detailed work. It has a unique, highly flexible shaft, an easy to use On/Off switch and the top of it has an adjustable LED light which is very convenient.

The DREMELITE works with standard LITHIUM batteries (18V CR2032 included), means with tool without adjustment and best of all it includes the exclusive DREMELITE™ Bench Clip.
