

Features

- **Precision Impact:** Milled copper head for accurate, controlled strikes.
- **Non-Sparking & Non-Marring:** Ideal for delicate surfaces and hazardous environments.
- **Comfortable Grip:** Ash wood handle for ergonomic handling and reduced fatigue.
- **Durable Design:** High-quality materials ensure long service life.
- **Versatile Use:** Perfect for assembly, maintenance, and engineering tasks.

RS PRO Milled Copper Hammer with Ash Wood Handle, 2000g Head Weight

RS Stock No.: 0747555

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO Milled Copper Hammer is designed for precision and safety in industrial and workshop applications. Its milled copper head delivers controlled, non-sparking strikes, making it suitable for delicate surfaces and environments where safety is critical. The ash wood handle provides a comfortable grip and excellent balance, ensuring ease of use during extended tasks. Ideal for assembly, maintenance, and repair work.
