

Gewindehülse: Maß HS optional 6,4 oder 5,9
threaded spacer / snap-in bolt: dimension HS optional 6,4 or 5,9

	Gehäuse housing	PBT GF 30	
	Kontakt contact	CuSn6	
	Zubehör accessories	CuZn39Pb3 CuNi12Zn38Mn9Pb 9SMnPb28K	
	Benennung title	Werkstoff material	

Technical drawing of a screw-on cap. The drawing includes a side view and a cross-section view. The side view shows a cylindrical cap with a threaded section. The cross-section view shows the internal structure of the cap, including a central hole and a threaded section. The drawing is labeled with dimensions and a material specification.

Dimensions and specifications:

- Material: 3 / #4-40 Gewinde / thread
- Dimension 38: Indicated by a circle with the number 38, pointing to the outer diameter of the cap.
- Dimension 35: Indicated by a circle with the number 35, pointing to the inner diameter of the cap.
- Dimension 1: Indicated by a dimension line, pointing to the length of the cap.

A technical line drawing of a 15-pin D-sub connector. It shows a rectangular metal housing with a D-shaped cutout on one side. Fifteen pins of varying lengths protrude from the front face. A circular feature, likely a mounting hole, is visible on the top surface.
