Rubbermaid Commercial Products LLC operates a quality management system which complies with the requirements listed above.

ADA COMPLIANT
ADA

- The Americans with Disabilities Act prohibits discrimination and ensures equal opportunity for persons with disabilities in employment, state and local government services, public accommodations, commercial facilities, and transportation
- Rubbermaid Commercial Products refuse containers need to comply with the ADA regulation; as long as "access openings" for containers are below 121cm, containers are compliant to ADA regulations
- All Decorative Waste products comply with ADA Reach Range Requirements, except for step can models; all Decorative Waste wall mount models comply with ADA Reach Range Requirements, dependant upon height placement within the mandated "Reach Range"

USDA

United States Department of Agriculture Equipment Listing (Meat and Poultry and 3A Dairy Listing). Items that comply with USDA regulations via the design, construction, and materials of a product.

ISO 9000
ISO 9000 is an internationally recognised quality management system that provides:

- Guidance for businesses that want to implement or improve quality systems within their business;
- Benchmarks that customers can use to evaluate a supplier's quality system.

ISO Certification of the Commercial Products Facilities perfectly embodies Rubbermaid principles:

- ISO certification represents a commitment to continuous value improvement. Rather than look at particular products, ISO 9000 reviews the systems and procedures through which businesses assure quality products.
- ISO certification shows that a company has built a culture of quality

FM

Factory Mutual is an independent testing agency whose approvals are based on Standard 6921 Combustible Waste Containers. Standard 6921 is performance criteria for containers with covers (lids) and their ability to withstand internal fires, maintain a certain range of stability, if dumped, and stay intact over a wide temperature range. Standard 6920 is performance criteria for Oily Waste Containers.

ISTA

International Safe Transit Association. The Compacted Mops were tested and certified via ISTA Test Procedures.

NSF

National Sanitation Foundation is an independent testing lab/organisation in Ann Arbor, Michigan. NSF lists products which meet their criteria for cleanability and sanitation: food contact, splash zone and non-food contact, per Standard 2: Food Equipment and Standard 18: Manual Beverage Dispensers. NSF 3-A USDA for equipment used in processing meat and poultry products. Also, Standard 21: Thermoplastic Refuse Containers

USGBC

As a member of the United States Green Building Council, we are dedicated to promoting products for buildings that are environmentally responsible and healthy places to work. We offer over 1,000 products that contribute to buildings achieving LEED Certification.

Visit www.rubbermaidcommercial.com for more information on USGBC and LEED Certification.

OSHA

- Decorative Waste products comply with Occupational Safety and Health Administration (OSHA) Standard for Occupational Safety and Health Part 1910.141 Sanitation
- Defenders® Step Cans and Medi-Cans™ comply with OSHA Standard for Bloodborne Pathogens, Final Rule 29CFR, Part 1910.1030 mandated "Reach Range"

ASTM

ASTM F-404-08 is an American Society for Testing and Materials' safety standard for evaluating a High Chair. A "test dummy" that simulates a child of predetermined size is strapped into the chair and various push, pulls, and racking tests are conducted on the chair and also using the dummy to simulate forces required to remove dummy, and to determine the safety aspects of ensuring proper confinement within the chair without causing harm to the child.

ASTM F-2285-04 is an American Society for Testing and Materials' safety performance specification that establishes performance requirements, test methods, and labeling requirements to minimize the hazards to children presented by Diaper Changing Tables for commercial use with children up to 50 lbs.

ASTM 615 is an American Society for Testing and Materials standard specification for Deformed and Plain Carbon Steel. This specification covers deformed and plain carbon steel bars for concrete reinforcement in cut lengths and coils.

ASTM C150-07 is an ASTM standard specification for Portland Cement, specifically Portland Cement Type 1, for use when the special properties specified for any other type are not required, and Portland Cement Type III, for use when high early strength is desired.

HACCP

Hazard Analysis and Critical Control Points is a systematic method using principles (Food Hygiene Practices) for analyzing a food process and determining the possible chemical, physical, and biological hazards within that process that should prevent any unsafe food from leaving the process (this process could be for a food processing plant or food preparation in a restaurant). The seven principles are: 1. Application, 2. HACCP Plan Validation, 3. Quality Manual Review, 4. On-site Readiness Review, 5. Registration Audit, 6. Registration, and, 7. Surveillance

CSFM

California State Fire Marshal listing is obtained for various types of containers once tested (by independent testing laboratories) against specific criteria. Following our receipt of UL and/or FM approval for those items, the results were submitted/accepted by California. The State of California is generally regarded to have the most stringent fire codes of all the United States. For an annual fee (every June 30th) the CSFM listings are updated. Decorative Waste products that are UL Listed/FM Approved Fire-Safe/ Self-Extinguishing and UL Classified are listed by the California State Fire Marshal pursuant to section 13144.1 of the California Health and Safety Code.

See CSFM Listing No. 4480-1025:100.

UL

UL Classified baskets (FG254000, FG254100, FG254200, FG254300, FG254400) meet the criteria for UL Standard 242 which is a standard of performance for open top, non-metallic wastepaper containers. UL classified baskets are generally found in use in patient care rooms (hospitals/nursing homes).

Decorative Waste products that are UL Classified have been tested and approved only to burning paper containment and resistance to temperature rise of surrounding surfaces.

Decorative Waste products that are UL Listed / FM Approved/Fire-Safe/Self-Extinguishing have been tested and approved for the fire-safe containment of dry flammable paper waste products.

FDA

Food and Drug Administration does not approve products. The FDA sets regulations which require compliance.

NSF Registration Guidelines for Proprietary Substances and Nonfood Compounds:

Handwashing and sanitising products (CategoryCode E2):

Combination of detergents-germicides (single step preparations designed to combine hand washing and sanitising) will be considered for registration on the basis of their ability to effectively clean the hands as well as their germicidal equivalency to 50 ppm available chlorine. The hands need not be washed with soap or detergent prior to the use of such preparations. However, the hands must be rinsed with potable water after the use of the product and before handling food.

Hand sanitising products (Category Code E3):

Products manufactured from those solutions described in CFR Title 21, Section 178.1010, which are applicable for the purpose may be used to sanitise the hands of employees handling food products without a subsequent rinse provided they are germicidally equivalent to 50 ppm available chlorine. Products shall not contain perfumes leaving a residual odour on hands after usage. These sanitising solutions may be used only after thoroughly washing hands with soap or detergent and water, followed by rinsing with potable water. In many instances, these hand sanitisers may be injected directly into wash/rinse water.

LEGEND

 Assembly required	 Indicates products that contribute to Green Cleaning and Sustainability	 UV stabiliser added for maximum life in outdoor settings	 Made with recycled plastic	 Product has antimicrobial properties
 Hands-free products that help reduce the risk of cross-contamination	 Indicates product is suitable for medical waste	 Made to order	 Indicates Executive Series™ product	 Fire proof

HYGEN™ MICROFIBRE CHARGING BUCKET

Rubbermaid HYGEN™ Microfibre Charge Bucket is a highly efficient flat mop cleaning system for healthcare and sanitary maintenance applications.

- Easy-to-clean, lightweight non-porous plastic construction
- Safe for use in MRI rooms
- Bucket works with Rubbermaid HYGEN™ Microfibre Cleaning Cart

Compatible with HYGEN™ Microfibre Mop, Microfibre Light Commercial Mops and Quick-Connect tools for a continuous cleaning process with “touch-free” wringing.

DID YOU KNOW?

HYGEN™ Charging Buckets are designed to:

- Reduce cross-transmission when a fresh mop is used for each room or area
- Holds 10–20 microfibre damp mops
- Holds enough liquid to clean up to 23.23m²; fully loaded bucket can clean up to 464.5m²

The HYGEN™ Charging Bucket design prevents oversaturation of microfibre mops and features a measuring guide for filling with cleaning or disinfecting solution.

SKU NO.	COLOUR	DESCRIPTION	DIMENSIONS (LxWxH)	WEIGHT	CASE PACK (UNITS)

HYGEN™ PULSE™ MICROFIBRE MOP

Clean more square metres in less time with the HYGEN™ PULSE™ Microfibre Mop. The on-board reservoir, and user-controlled release of solution mean cleaner floors faster, easier, and more effectively.

Product Compatible with:

- HYGEN™ Quick connect frame
- HYGEN™ Microfibre Mops Pads
- Light Commercial Mop Pads
- HYGEN™ Charging Bucket

OPTIONAL RUBBERMAID PULSE™ CADDY

CLEAN CONNECT™ CAP

Ergonomic trigger handle evenly dispenses three sprays of cleaner.

Unscrew the cap to manually refill or connect to the PULSE™ Caddy hose for automatic refills.

Holds up to 621ml of liquid solution, allowing users to clean up to 79m² without needing a refill.

HIGH-CAPACITY JANITORIAL CLEANING CART

Flexible, high-capacity storage solutions and tool organisation.

- Storage space 40% more than FG617388BLA
- 20% more waste capacity than FG617388BLA
- Non-rusting and easy clean aluminium and structural web plastic construction
- Safety sign holders (4)
- 11.6cm Castors & 20cm Wheels
- Design for WaveBrake® mop bucket

VERSATILE STORAGE OPTIONS
Organise supplies and tools with (2) removable 9.5L caddies and other accessories (sold separately) makes waste removal easier.

SECURE MOP AND BROOM STORAGE
Innovative Rubber Tool Grips (4) hold handles at any position up to 2.85cm in diameter

SECURE VACUUM & BROOM STORAGE
Handle includes Rubber Tool Grip that holds handles up to 2.85cm in diameter, including commercial upright vacuums.

COMFORT GRIP HANDLE
Improved design makes the cart more manoeuvrable and comfortable.

HIGH-CAPACITY VINYL BAG
PVC lined, leak-proof vinyl bags hold up to 128L, improving productivity by reducing the number of trips to empty waste. Zippered front access makes waste removal easier.

CUSTOMISABLE DIVIDER TRAY FOR HOUSEKEEPING CARTS

A place for everything and everything in its place
Stay organised and be empowered with this durable and customisable divider tray. Designed especially for the Rubbermaid Housekeeping Cart.

DURABLE

Moulded from durable high grade resin. Stronger than current wood and acrylic trays in the market.

CUSTOMISABLE

Flexible partitions means it is easy to configure. Can create up to 11 sections.

PERFECT MATCH

Fits Executive Series Housekeeping Cart and most housekeeping carts

EXECUTIVE SERIES™ QUICK CARTS

Repels Water, Oil, and Stains

Teflon® fabric protector helps maintain Quick Cart aesthetics and protects from rigorous daily use.

Heavy-Duty Kick Plate

Reinforced rubberized kick plate for increased durability and reduced wear and tear.

Quick Carts are available in Large (1902465), Medium (1902466) and Small (1902467).

ADJUSTABLE DIVIDERS
Dividers can be moved or removed to create multiple compartments to meet your specific cleaning needs.

SECURED STICK GOODS
Heavy-duty fastening strap wraps around supplies to keep them secure while the cart is in motion.

REMOVABLE CARRY CADDY
Rigid dividers improve efficiency, keeping amenities and supplies organized.

SECURE SUPPLIES
Durable lid conceals supplies and features hardware for adding a lock to prevent unauthorized access to cart and its contents.

1902465 Executive Quick Cart – Large

WHERE MOBILITY MEETS VERSATILITY

HOSPITALITY

DISCREET APPEARANCE

Compact design remains inconspicuous by blending into public areas and disappearing into guest rooms

COMPACT AND ERGONOMIC DESIGN

Lightweight and more compact than traditional carts for easier maneuverability in tight spaces

VERSATILITY

Versatile compartments allow for multiple configurations and uses, including housekeeping, maintenance, and more

LEGACY OF

INDUSTRY-LEADING

DURABILITY

Since 1968, BRUTE® containers have been trusted by professionals for their iconic durability and reliability. With every lift, drag and drop, they've outlasted—and outperformed every competitor in the industry thanks to their proprietary design, the highest quality materials and world-class manufacturing in Winchester, Virginia, USA.

COMMERCIAL GRADE CONSTRUCTION

Proprietary design constructed with the highest quality materials plus a UV inhibitor ensures long life in even the most extreme commercial environments.

RIM WITH RIB STRENGTHENED DESIGN

Increases strength and resists crushing.

ROBUST HANDLES

Make lifting and moving easier. Reinforced to resist tearing or damage from even the heaviest loads.

REINFORCED BASE

Specifically engineered to endure dragging over rough surfaces, extending life and durability in the toughest environments.

STREAMLINE™ STEP-ON

Blending aesthetics and best-in-class durability, Streamline™ Step-On containers have a slim profile and small footprint, which maximise space to fit in the tightest spaces. Colour-coded bins meet regulatory needs.

SLOW CLOSE LID

Quiet and controlled lid-closure minimises noise to enhance guest and patient satisfaction.

OUTLASTING DURABILITY

New, redesigned lid hinge improves performance and increases durability.

IMPROVED PRODUCTIVITY

Liner retainer band and cinch easily and securely hold polyliners.

METROPOLITAN SMOKERS' STATION

Metropolitan is a stylish all-metal, high-capacity smokers' station.

EASY TO EMPTY

Hinged lid flips open to provide complete access to the 1.6-gal galvanized liner. Simply lift out liner, discard waste, and reinsert.

WEIGHTED BASE AND BOLT-DOWN CAPABILITY

Base features holes for standard 3/8" lag or concrete bolts (not included) and is weighted for stability.

SECURITY FEATURES

Integrated keyed cam lock secures lid against tampering and helps reduce replacement costs.

User-friendly

Stainless steel snuff plates on both sides of unit.

Weatherproof finish

Long-lasting Uni-Koat® powder-coated finish.

Aesthetic and durable

All-metal construction in a slim, contemporary design.

Ideal for moving loads in a variety of environments

Versatile solutions for any environment.

Efficiently transport large, bulky loads

Innovative designs to improve productivity

DURAMOLD™ REAL WORLD RUGGED — TESTED TOUGH

Rubbermaid's exclusive Duramold™ technology exceeds the highest performance standards in the industry. We test and retest our products to meet rigorous durability standards, and our material handling products are no exception. Real-world rugged durability, innovative technology, and best-in-class features combine to create longer-lasting products that carry heavy loads—and make your work easier.

40 buckets of sheetrock compound weigh over 2,400 lbs

WILL NOT WARP, DENT, SPLINTER, RUST, OR ROT

Tough, resilient surface absorbs impact and provides quiet operation. Virtually maintenance-free; resistant to most chemicals, impervious to water damage, and easily cleaned.

Metal—dents and rusts Wood—splinters and rots

DURAMOLD™ precision-engineered resin and steel composite decks

HOLD & TRANSPORT UP TO

1134 KG

of weight load capacity

Duramold™ decks are formed from a precision-engineered resin and metal composite structure that is lighter than typical steel/wood products without sacrificing strength, which enables weight reduction and improved ergonomics.

PUT YOUR EFFORT INTO MOVING YOUR PAYLOAD, NOT YOUR TRUCK

DURAMOLD™ HAS THE HIGHEST STRENGTH-TO-WEIGHT RATIO

when compared to metal, wood, and solid plastic decks.

HEAVY-DUTY PLATFORM TRUCKS

Ideal for moving large, heavy, oversized loads in a variety of environments from retail to construction.

DID YOU KNOW?
CAN HOLD UP TO 1.25 TONS (1134KG)

COLLAPSIBLE X-CARTS

Durable, easy-to-maneuver cart efficiently transports large, bulky loads, then conveniently collapses to minimize storage footprint.

- Compact, collapsible frame enables efficient storage
- Durable vinyl bag accommodates bulky loads
- Easy-to-clean, detachable bag
- Color-coded ribbons classify transport materials to prevent cross-contamination
- Aesthetically pleasing black finish disguises stains and dirt
- High-quality TPR castors provide quiet operation
- Bumper guards help prevent damage to cart and facility during transport

DURABLE CONSTRUCTION
Robust stainless steel with powder-coated finish will not warp or rust.

1881750

PREMIUM QUIET CASTORS

Castors swivel for superior maneuverability, while bumper guards add extra protection during transport.

1881781

COLOUR-CODED TABS

Organise your linen and/or waste collection. Select the color you wish to assign for the job and simply trim off the other three tabs.

Compact, collapsible frame reduces width by 75% to enable efficient storage.

COLLAPSIBLE X-CART COVERS

Elevate your image by discreetly transporting linens and supplies with the new Collapsible X-Cart Covers

- Multiple, built-in storage pockets on each side keep frequently used cleaning tools and supplies within reach
- Convenient quick-access lid provides easy access to contents inside of cart without having to remove cover; secures with Velcro® trim
- Drawstring tightly secures cover onto Collapsible X-Cart frame
- Frame remains collapsible with or without cover

Six storage pockets hold cleaning tools, gloves, cloths, spray bottles, cleaning chemicals & more!

Multiple storage pockets keep frequently used items within arms reach.

Drawstring tightly secures cover onto collapsible X-Cart frame.

Convenient lid provides easy access to contents inside of cart without having to remove cover.

Frame remains collapsible with or without cover.

CASTORS TO MEET YOUR NEEDS

Rubbermaid's best-in-class heavy-duty castors have been specially chosen for each of our products to meet the most demanding environments.

POLYOLEFIN

Hard-tread polyolefin castors roll easier than soft tread castors. Nonmarking, impact- and chemical-resistant castors won't flat-spot under static loads or pick up metal shavings, nails, and other debris.

PNEUMATIC

Pneumatic castors provide a cushioned and quiet ride for fragile loads, making them ideal for rough and uneven surfaces, inside and out.

THERMOPLASTIC RUBBER

TPR castors absorb shock, provide floor surface protection, and quiet operation. Chemical and water-resistant.

HAND HYGIENE

Protect your facility's image and employees' well-being with RCP's full line of skin care solutions. Our reliable dispensing systems and high-quality soaps and sanitisers help to positively impact your bottom line.

ENSURE A POSITIVE EXPERIENCE EVERY TIME

At RCP, we know that the condition of your washroom is important to your patrons' experience and facility's reputation. Our products are designed to stand up against heavy traffic and constant use. Their reliable and efficient performance keeps your operations running smoothly. No matter what challenges your facility faces, our complete washroom solutions will ensure that your facility maintains a professional image that leaves every visitor with a positive and lasting impression.

KEEP YOUR WASHROOM LOOKING ITS BEST

RCP's selection of solutions ensures that your washroom operates as beautifully as it looks:

PRODUCTIVITY
Keep the washrooms in your facility functioning at peak performance.

COST-IN-USE
Reduce your operating costs, while still getting the job done.

IMAGE
Protect your facility's integrity with lasting durability and consistent cleanliness.

LEARN THE INGREDIENTS

Soaps and sanitisers are made up of a combination of ingredients to meet your specific needs.

SOAP

Water + Surfactant + Fragrance / Dye / Moisturiser / Antibacterial

SANITISER

Water + Moisturiser + Antibacterial / Alcohol

1 SURFACTANT:

Cleansing and foaming agent that removes dirt and germs

2 FRAGRANCE:

Clean with or without added scents

3 DYE:

Clean with or without added colour

4 MOISTURISER:

Helps to keep skin hydrated

5 ANTIBACTERIAL:

Alcohol-free ingredient helps to kill germs

6 ALCOHOL:

Active ingredient used in alcohol-based sanitisers

KNOW THE DIFFERENCES

SOAP

FOAM

- Dispenses in a light, airy consistency
- Lathers quickly for an easy hand wash
- Rinses easier to reduce drain maintenance

LOTION

- Dispenses in a thick, liquid consistency
- Creates a rich lather
- Most effective in eliminating hand bacteria¹
- Uses more water in day-to-day handwashing activities

SANITISER

FOAM

- Dispenses in a light, airy consistency
- Use frequently between hand washes
- Compliments a proper hand wash
- Acts quickly to kill microorganisms on hands

PRACTICE PROPER HAND HYGIENE

Frequently wash hands with soap and water, even when hands aren't visibly dirty

Sanitiser should be used in between and after hand washes to maintain hand hygiene

When washing hands, scrub for at least 20 seconds to remove dirt and germs

Germs can be transferred more easily to and from wet hands, so hands should be dried after washing

DISPENSER EDUCATION

WALL MOUNT AUTOMATIC

- Dispenses soap touch-free
- Controlled portioning reduces refill maintenance and waste
- Requires batteries for operation*
- Includes helpful indicator lights
- Convenient, easy installation

WALL MOUNT MANUAL

- Dispenses soap on demand with push bar
- Includes viewing window for refill maintenance
- Operates without batteries
- Convenient, easy installation
- Most economical option

¹Foam Soap is Not as Effective as Liquid Soap in Eliminating Hand Microbial Flora Nicolette Dixon - [https://www.ajicjournal.org/article/S0196-6553\(17\)30082-2/fulltext](https://www.ajicjournal.org/article/S0196-6553(17)30082-2/fulltext)

AIR CARE

Fragrance can reinforce the feeling of cleanliness and freshness in the washroom; **77%*** of patrons that experience a business with unpleasant washroom smells leave with a negative perception of the business. RCP offers a full line of air care options that can help you create a positive experience.

FRAGRANCE EDUCATION

KNOW THE FRAGRANCE FAMILIES

RCP's fragrance options fall within six distinct fragrance families, based upon their scents:

 <p>FLORAL</p> <p>Characterised by: Radiant scents, such as rose, jasmine, and violet; green scents, which are reminiscent of freshly cut grass, leaves, and stems.</p>	 <p>FRUITY</p> <p>Characterised by: Luscious fruity scents, such as apple, pear, plum, mango, peach, and melon.</p>	 <p>CITRUS</p> <p>Characterised by: Invigorating and uplifting scents, such as lemon, mandarin, and other citrus oils.</p>
 <p>HERBAL</p> <p>Characterised by: Powerful, aromatic herbal scents, such as rosemary, mint, coriander, lavender, and sage.</p>	 <p>FOUGÈRE</p> <p>Characterised by: Masculine scents, such as lavender, moss, and woods.</p>	 <p>GOURMAND</p> <p>Characterised by: Mouth-watering, edible scents, and sweet, comforting vanilla.</p>

FRAGRANCE INTENSITY

AEROSOL FRAGRANCES

Wakening Spring	Blue Splash	Citrus	Pure™ Odor Neutraliser	

WHAT SETS RCP FRAGRANCES APART

Traditional air fresheners only camouflage malodours; all of RCP's fragrance options have Microtrans® technology, which attacks and effectively eliminates unavoidable odours in the washroom. Thus, completing two jobs in one – removing odours and creating fresh-smelling environments.

MICROTRANS® ODOUR NEUTRALISER TECHNOLOGY

Locks onto malodour molecules to neutralise the odours.

FRAGRANCE-FREE ODOUR NEUTRALISER

RCP also offers a Pure™ odour neutraliser for environments, where odour removal is desired, but fragrance is not. This option is a blend of natural extracts and purified water that attracts, captures, and neutralises malodours.

DISPENSER EDUCATION

- | | |
|---|---|
| <p>ACTIVE</p>  | <ul style="list-style-type: none"> • Aerosol system relies on valve-actuating mechanism to dispense fragrance automatically • Programmable dispensing options reduce refill maintenance and waste • Requires batteries for operation* • Includes helpful battery and refill life indicators |
| <p>PASSIVE</p>  | <ul style="list-style-type: none"> • Relies on natural air movement to dispense fragrance • Operates without batteries • Non-aerosol system does not include propellants or added harmful volatile organic compounds (VOCs) |

SCAN ME

TCell™

Delivers continuous, passive odour control for up to three months.

Passive fuel cell technology delivers precise, timed fragrance for up to 90 days of consistent odour control.

- 1 SUSTAINABLE FUEL CELL TECHNOLOGY:**
Fuel-cell technology contains no propellants or harmful VOCs. Fragrance is released into the air at a consistent rate and distributes throughout room with natural air flow.
- 2 FAN DISPENSER OPTION:**
Solution for spaces where a door or a vent won't create air flow to activate fragrance release
- 3 BATTERY-FREE OPERATION:**
Passive fuel cell technology consistently delivers odour-neutralising fragrance without the need for batteries

PROSERVE® ENDLOAD INSULATED CARRIER

Four layers of thermal retention provide lightweight option for safely transporting food and beverages.

- 5.8cm of polyester insulation offers maximum thermal retention with no moisture and odour retention
- Keeps hot food hot and cold food cold safely for 4 hours
- ProServe® carriers are lighter than solid competitive products, decreasing risk of ergonomic stress
- Time temperature monitoring and labeling is easy with large identification window secured to each carrier

RIGID INTERIOR INSULATION
Lightweight and over 300% stronger polystyrene, expanded Polypropylene (EPP) resists flaking, cleans easily, and provides uncompromising support.

REFLECTIVE VAPOUR BARRIER
Helps maintain even temperature throughout the carrier, so foods maintain their ideal temperatures.

NON-WOVEN POLYESTER INSULATION
Nearly an inch thick, it's the same insulation used in high-performance cold-weather gear. Will not retain moisture or odours.

COMMERCIAL-GRADE NYLON EXTERIOR
Strong (840 denier) nylon surrounds and protects the inner layers.

The Rubbermaid Commercial Products (RCP) Smart App is the first of its kind in the commercial cleaning industry.

The RCP Smart App is our FREE training platform designed to equip users with easy access to essential training, empowering users to perform their duties more efficiently and effectively when using Rubbermaid Commercial Products.

MULTIPLATFORM ACCESSIBILITY

Use the RCP Smart App:

1. On your smart device (phone or tablet) by downloading the RCP Smart App from Google Play or the App Store.
2. On your computer/desktop by using the URL: www.smartapp.rcpanz.com.au in your web browser.

ONE TOUCH

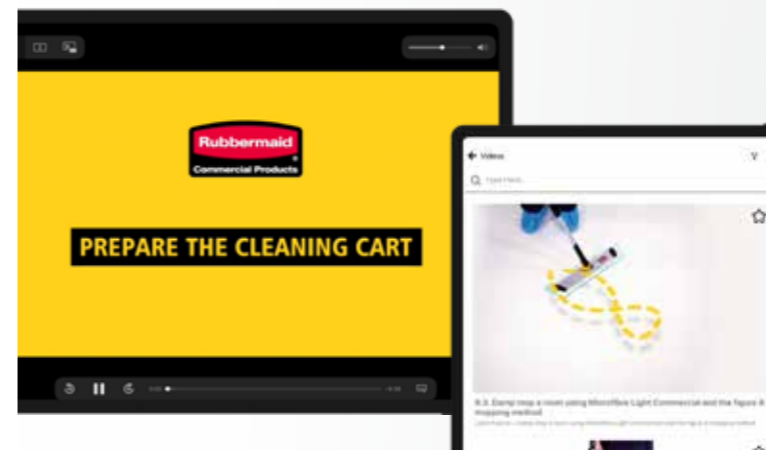

Scan a RCP Smart App QR Code in your facility to instantly view the relevant training content.

Facilities can print RCP Smart App QR Codes and stick them on RCP equipment or within rooms, to guide users directly to the relevant training content.

ON THE GO TRAINING VIDEOS

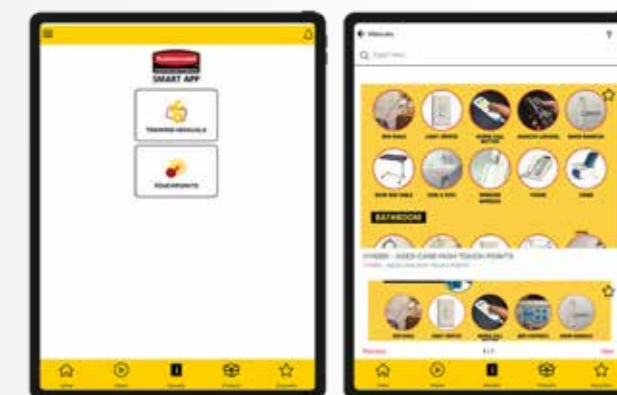

Get FREE access to all our training videos whenever and wherever you are.

This includes access to: Quick how-to videos (1-3 mins) and In-depth training videos (10-15 mins)

ACCESS TRAINING MANUALS AND TOUCHPOINTS

Get instant access to our training manuals and touchpoint materials to educate users on best practice cleaning techniques and frequently touched surfaces.

DIGITAL PRODUCT CATALOGUE

Browse through all our products and categories with the digital product catalogue. Easily add products to your cart and submit to our Rubbermaid Specialists who will facilitate your request.
