### WALL MOUNTED

### Systems Benefits

Minimal on site wiring, and the elimination of wastage saves both time and money. Skilled personnel are free to work on more demanding and value adding activities, whilst the savings will benefit all concerned.

Innovative products are designed to meet the precise needs of your application which means that you don't have to compromise on your requirements.

Safety is assured as all assemblies are comprehensively tested before despatch to give you total peace of mind.

Factory assembled units offer repeatable quality that is difficult to achieve on site, thus guaranteeing the quality of your installation.
