

FEATURES

- Backlit LCD
- 4xAAA battery
- Battery life is 90 hours
- Low battery indication

RS PRO Carbon Monoxide Handheld Gas Detector, For Environmental

RS Stock No.: 106-5305

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO carbon monoxide handheld gas detector is a great value instrument for measuring CO levels to 1000ppm. Carbon monoxide is a deadly toxic gas that has no smell and cannot be seen or tasted. Its presence is lethal causing death and injury, it can be caused by poorly installed or maintained heating appliances, chimneys, flues and gas-fired cooking appliances. Even low levels of CO can impair judgement and greatly increase the risk of accidents and injury in motorists and machine operators

General Specifications

Model Number (p)	IM-801
Gas Detected	Carbon Monoxide
Accuracy	±5%
Response Time	<30s
Meter Type	Handheld
Display Type	Backlit LCD
Power Source	Battery
Battery Type	4 x AAA
Battery Life	90h
Maximum Operating Temperature	+50°C
Minimum Operating Temperature	-20°C
Sensitivity	< 5% (per year)
Application	Boiler Plant Room, Automotive Industries, Welding, Power Plants, Refrigeration Plants, Textile Industry

Mechanical Specifications

Dimensions	156mm x 73mm x 35mm
Height	35mm
Weight	250g
Length	156mm
Width	73mm

Approvals

European Safety Standard	EN 61340
