RS PRO 3 Shelf Steel Trolley Workshop Tool Trolley, 840 x 405 x 810mm, 50 (Per Level)kg Load

RS Stock No.: 851-7604

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS Pro professional workshop trolleys and carts are used for storing parts during a take down and build or for bulky tools workshop use. The trolleys are made from steel, fitted with shelves and have deep sides for the easy and safe transport of materials and components. The workshop trolleys are designed with built-in push and pull handles at one end. Swivel and fixed rubber wheels ensure the trolleys are easy to move and transport heavy loads
