BMP71 Label Printer with QWERTZ keyboard - EU Version

The BMP™71 – Mobile Label Printer is Brady's newest high end portable cable and wire label printer. As well as being the ideal cable and wire printing solution for the telecom/datacom and electrical markets, the BMP71 is also perfect for printing health and safety signs and labels in the process industries. The flagship of Brady's portable printer range, it reinforces our brand image as manufacturers of high performance, industrial and professional products as well as strengthening Brady's position as the technology leader in our chosen market.

The BMP71 is a user friendly printer with a large full colour LCD display, an easy to use menu driven user interface, and a full QWERTY keyboard layout making it quick and easy to create labels using text, symbols and coding.
