·Micro-hdmi to VGA converter (audio and power)
·Raspberry Pi camera，5 mega-pixel
·Raspberry Pi camera stand
·Raspberry Pi Product Manual

Why choose the Raspberry Pi 4 （Model B）?

The Raspberry Pi 4 offers ground-breaking increases in processor speed, multimedia performance, memory, and connectivity compared to the prior-generation boards, while retaining backwards compatibility and similar power consumption. The Raspberry Pi 4 provides desktop performance comparable to entry-level x86 PC systems.
