RS Pro Cat5e BT Master Face Plate

Product Details

Data and Telecomm Faceplates

Faceplates with data (RJ45) and telecomm (BT voice) socket outlets. The RJ45 sockets are rated to category 5e, and the telecomm outlets are available as secondary versions. Low profile rear punch down terminations accept wires in the range 22 to 28 awg. Use punch down tool for termination of wires, see Punchdown IDC Tooling.

Mounting screws included

Combined data/voice faceplates in convenient bulk packs for easier storage and installation. Specification as for single packed items, price quoted is per faceplate.

Specifications:

Type	Face Plate
