

# STANLEY

## STANLEY 199® 140 mm Fixed Blade Knife

2-10-199

### Features:

- Zinc alloy body with a knurled surface for comfortable, assured holding
- InterLock® nose firmly secures blade into knife
- Knife supplied with 3 blades

### Description:

The STANLEY 199® 140 mm Fixed Blade Knife provides a flexible solution to all your utility knife needs. The precision die cast zinc body provides a lightweight and strong design. The knurled surface offers an improved comfortable grip. With safety in mind, the knife includes an interlocking nose that firmly secures the blade into the knife. Included within this kit are 3 blades. Ideal for heavy users, such as plasterers and carpet fitters.
