

PROFESSIONAL SCISSORS SC6X

Only 87g weight, the tapered blades and streamlined handles encourage agility and speed of operation for perfect work every time.

The particular shape of the blades optimises use in limited spaces and cutting of conductors with minimum effort.

Handles have an integrated crimping system for end sleeves.

The anti-loosening pivot and bevelled profile allow the accurate and consistent alignment of the blades.

High hardness blades (58 HRC) and an anti-slip serrated edge for making precise cuts even on more difficult materials.

Shaped groove for cutting conductor up to 50 mm².

Supplied with carry case and belt fastening system.
