RS PRO Cat3 RJ11 Coupler, UTP

RS Stock No.:186-3032

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS PRO, this RJ11 adapter allows the in-line coupling of two network cable assemblies. The RJ11 inline connector allows you to combine patch cords to extend the distance between RJ11 devices and sockets. The adapter is made from durable ABS resin, and features gold over nickel plated contacts for assured connectivity.

General Specifications

Type	Coupler
Interface Type	RJ11
LAN Category	Cat
Shield Type	UTP
Wiring Configuration	Straight Through
Colour	Beige
Contact plating	Gold Over Nickel
Housing Material	ABS UL 94V-0
Contact Material	Phosphor Bronze
Application	RJ11 connectors are often used with landline telephones and older modem connections. As such, this modular connector can be used to organize communication network architecture or simply serve as a cable extension solution.
