Product Description

RS PRO 50 litre AdBlue compact size spill kit is the complete response tool for most types of spills but has been specifically designed for use with AdBlue spills. AdBlue spill kits contain blue sorbent pads, sorbent socks and accessories to manage spills effectively. The shoulder bag is made of durable blue vinyl. Spill kits are typically positioned in close proximity to potential risk of spillage. The contents are ergonomically packed to allow for quick and easy application in case of emergency.
