Media Labelling

CHOOSE YOUR MEDIA!

Select your desired format with just one click. MediaFACE® Design Wizard then walks you through the incredibly simple process of designing a label or insert. Backgrounds, images and ready-to-go text templates come together like magic!

WE OFFER SOMETHING NO ONE ELSE CAN!

DIGITAL FINGERPRINTING

Digital Fingerprinting saves you time & effort as it instantaneously inserts your text, track information such as song titles, track numbers and length of tracks. Our new software magically seeks out each song's title by accessing a large database of digitally fingerprinted songs via the internet and automatically adds track info to your label! All text can be manipulated.

SELECT IMAGES WITH FLEXIBILITY AND EASE!

Enjoy five ways to access images. Choose from MediaFACE's massive 500+ image library. You can also select from your own files or import directly from your digital camera, scanner or Web cam. You never even have to leave the program!

HUGE IMAGE LIBRARY!

Choose from 500+ exciting and vibrant images - right for any label or insert!

Categories included: Music, Business, Lifestyle, General, Special Occasion, Spiritual

AUTOMATICALLY IMPORT YOUR TEXT!

Instantly transfer track information to your CD or DVD label with new DIGITAL FINGERPRINTING! Or, simply type your own custom titles in the provided text fields.

INSTANT TEMPLATES FOR ANY OCCASION!

Save time with an array of pre-designed templates for special occasions and uses. The images and text are already set. No more searching or formatting! Music, Business, Lifestyle, Special Occasion

PRINT IT!

Press print and NEATO! Professional-quality labels and inserts appear before your eyes. You simply apply the label or insert the sheet for great looking, customized CDs, DVDs and cases. Applying CD/DVD labels could not be easier with the Fellowes/NEATO Applicator.

CUSTOM DESIGN CAPABILITES!

Create your own look with powerful graphics and type manipulation tools. MediaFACE® makes it so easy to take any image and change it for a totally original look.

Image manipulation
Solarize, Emboss, Hue, Grayscale, Oilify, Underlay, Invert... and more!

Font/Type
Manipulaion, Ballon and Stroke, Perspective, Double Arch... endless possibilities!
