PROTECTION

Battery Maintenance

- Assures maximum battery current flow
- Promotes longer battery life
- Eliminates energy loss and reduces voltage leakage
- Spray on, wipe off
- Neutralises dangerous battery acid spills

5097 Aerosol 300g

Battery Terminal Protector

- Clings tenaciously to metal, resisting water wash-off and repelling moisture
- Fast drying to reduce maintenance time
- Maintains the battery's peak performance level
- Provides long lasting protection to extend battery life
- Assures easier starting

5098 Battery Terminal Protector 300g

Soft Seal

- Provides heavy duty long term protection from extreme conditions
- Will not wash or wipe off
- Dry, transparent, amber waxy film
- Indoor/outdoor use on metals to electrical fittings

3013 Aerosol 400ml
3014 Can 4 litre

Long Life

- Provides superior lubrication & long term rust prevention to all metals subjected to rust and salt corrosion
- It is an excellent lubricant for extending the life of metal to metal sliding/rotating surfaces

WHY CRC ?

For over 60 years CRC Industries NZ has been developing and manufacturing products for the local market. Today you can see new innovative products designed for NZ conditions that carry the same level of quality and efficacy as the original flag ship product 5.56. In fact, 5.56 is still sold in it's original formulation and valued by Kiwis as the No.1 tool kit in a can, just as it was all those years ago.

The CRC brand in NZ is synonymous with the Kiwi can-do, will do, DIY attitude and has played an integral part to the development of NZ as a country. Many of today's sporting icons, have donned the CRC red and whites to podium finishes, gaining much awareness for NZ as a nation of winners and can-doers. Businesses partnering with CRC support NZ Made Products and the promotion of using NZ based service suppliers. Whenever you see the CRC cans in store, you know you are working with quality and innovation backed by 60 years of success.
