

FEATURES

- **1.8m Length:** Provides flexibility and reach for connecting devices.
- **IEC C7 to BS 1363/A Connectors:** Compatible with a wide range of electronic devices.
- **13 A Current Rating:** Supports high-power applications safely.
- **250 V Voltage Rating:** Suitable for standard mains power supply.
- **Black PVC Jacket:** Durable and resistant to wear, ensuring long-lasting use.
- **Straight Mains Socket Type:** Facilitates easy and secure connections.

RS PRO 1.8m Power Cable, IEC C7 to BS 1363/A

RS Stock No: 558-970

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO power cable is designed for reliable and efficient power transmission. With a length of 1.8 metres, it connects devices with an IEC C7 connector to a BS 1363/A plug, making it ideal for use with a variety of electronic equipment. The cable supports a current rating of 13 A and a voltage of 250 V, ensuring robust performance for your power needs.

General Specifications

Connector Type A	IEC C7
Connector Type B	BS 1363/A
Jacket Colour	Black
Mains Socket Type	Straight
Product Type	Power Cable

Mechanical Specifications

Cable Length	1.8 m
Jacket Material	Polyvinyl Chloride

Electrical Specifications

Current Rating	13 A
Voltage	250 V

Approvals

Standards/Approvals	ASTA, CCCs, CSA, EAC, ENEC 11, JET, PSE, RCM N10544, Singapore Safety Mark, UL
