Datasheet

RS PRO USB Type C Male - 2 x USB Type C Female, Silver Adaptor
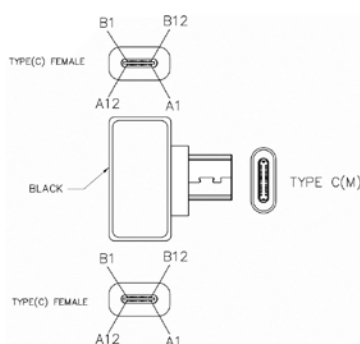

Stock number: 195-4878

EN

The RS-PRO USB type C (male) to two USB type C (female) adapter allows you to charge your device while using the type C port.

With a trend in the mobile device industry of only having a USB type C port with no 3.5mm audio socket growing, adaptors such as this can add functionality to your device.

- Both ports for power delivery (when connected to a charger, two devices can be charged)
- One port for audio and other for PD (when connected to a phone/tablet)
- One port for data transfer and other for PD (when connected to a phone/tablet)

This functionality allows you to connect three USB devices, such as keyboards, mice or printers to your computer along with a mic and headphones. The type A ports support USB 3.0 Super Speed (5Gbps) transmission and are backwards compatible with USB2.0.

1. CABLE:
2. LENGTH: L.
3. CONNECTORS: TYPE C F*2PCS,TYPE C M*1PCS(SHELL NICKEL).
4. MOLD: MOLDING TYPE.
5. CONTACTS:
6. Test machine test condition.
   A.100% OPEN,SHORT&INTERMITANCE TEST.
   B.CONDUCTOR RESISTANCE:3ohms MAX:
   C.INSULATION RESISTANCE:10MΩ Min/,10ms:
7. ALL MUST BE MEET ON ROHS COMPLIANT.
