

Features

- ESD – Designed to safely discharge static electricity and protect electronic components from electrostatic discharge events.
- Full Metal Construction
- Available in different sizes

RS PRO ESD Basic Trolley 1500x700

RS Stock No.: 0687721

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested

by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

ESD BASIC Trolley is a sturdy and versatile solution for transport and storage in industrial and office environments.

Equipped with ESD worktop shelves resistant to scratches and featuring smooth height adjustment from 610 to 960 mm (in 1 mm increments), it can be easily tailored to user needs.

The frame, made of 2.5 mm thick profiles, ensures durability and stability.

Load capacity is up to 100 kg per shelf. A reinforced version and additional accessories (e.g., maneuvering handle) are available on request.

Available sizes: 500×700 mm, 1000×700 mm, 1500×700 mm. Custom dimensions available upon request.
