

## Datasheet

### Lead Acid & Automotive

# Lead Acid Automotive Battery Charger

[RS Stock No. 767-4926](#)

#### Features:

- Built with a tough steel case, these are ideal for use in busy workshops and garages
- Protected against reverse polarity
- Fitted with heavy duty charge leads and crocodile clips
- Easily fitted internal fuses
- Ammeter for charging indication
- 2 charge rate levels

#### Specification:

- Supply: 230v (13amp)
- Charging voltages: 12v / 24v
- Charging current: 33amp
- Boost rate: 220amp
- Battery capacity: 180Ah
