ISR 18V-30 P

INDUSTRIAL ISR 18V-30 P

Consistent, reliable & affordable 18V smart solution made for industrial assembly lines. Extended lifetime for optimal operation without part failure, industrial grade clutch endurance & switch cycles boosting screw counts. Precision clutch with auto-shutoff, in combination with special engineered gearbox enabling 2X* higher speed output consistency and torque accuracy. Slim handle, light weight & short head length to minimize operation fatigue and maximize application flexibility.

The most important data

Torque (hard)	9 – 30 Nm
Speed	0 – 1,400 rpm
Auto Shutoff Torque	1.6 - 7.6 Nm

Part Number 0 601 9M7 020

Technical data

Description

When you're fastening thousands of screws a day in an assembly line, you need a heavy-duty tool you can rely on to deliver long-term, accurate tightening and consistent performance. Our ISR 18V-30 P Industrial cordless drill driver offers up to twice the standard speed output consistency and torque accuracy thanks to its special engineering. Equipped with a precision clutch, this durable tool gives you significant performance outcome and extremely high production efficiency, especially in tightening applications for industrial assembly lines. What's more, this smart drill driver makes keeping track of tools easy with its embedded NFC technology for inventory management and maintenance.

Power tools for trade & industry

BOSCH
Invented for life

Torque, from (hard)	9 Nm
Torque, to (hard)	30 Nm
Torque (hard)	9 – 30 Nm
Speed, from	0 rpm
Speed, up to	1,400 rpm
Speed	0 – 1,400 rpm
Direction of rotation	R/L
Weight	0.8 kg
Comment	with Precision Clutch function
Bit holder	3-Flat Shank
Drive type	Battery
Brushless motor	+
Connector type	Shut-off clutch
Auto Shutoff Torque, from	1.6 Nm
Auto Shutoff Torque, to	7.6 Nm
Auto Shutoff Torque	1.6 - 7.6 Nm
