

# SAFETY CUTTER

FINGER FRIENDLY BLADE

The Slice Safety Cutter is a powerful little tool equipped with one of the world's smallest micro-ceramic blade, designed to cut almost anything while keeping you safe. Keep it on your keychain, fridge, or lanyard at work for safe and convenient package opening. It's safe to leave lying around your family, on your desk, or a countertop. From its daily use in industrial settings to opening online orders at your doorstep, Slice makes people and places safer. Suitable for left and right hand users, featuring a built in magnet and keyring eyelet, there is no reason to not have one close at hand!
