

## FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability.
- **25 mm Length:** Suitable for a wide range of applications, ensuring versatility.
- **15.04 mm Outside Diameter:** Allows for easy installation and compatibility with standard housings.
- **9.98 mm Shaft Diameter:** Ensures a precise fit for optimal performance.

## RS PRO 25 mm Sintered Bronze Plain Bearing

RS Stock No: 528-960

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from sintered bronze, it offers excellent durability and reduced friction, making it ideal for high-load environments. Its compact design ensures easy integration into existing systems, providing reliable performance and extended service life.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	9.98 mm

## Mechanical Specifications

Length	25 mm
Material	Sintered Bronze
Outside Diameter	15.04 mm
