

FEATURES

- **5 m length:** Offers extended reach for versatile equipment placement
- **IEC C13 to IEC C14G connectors:** Ensures compatibility with a variety of devices and power sources
- **10 A current rating:** Supports a wide range of electrical equipment
- **250 V voltage rating:** Suitable for high-voltage applications
- **Black PVC jacket:** Durable and resistant to wear, ensuring long-lasting performance
- **Straight plug and socket:** Simplifies connections and reduces installation time

RS PRO 5 m Power Cable, IEC C13 to IEC C14G

RS Stock No: 558-971

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO power cable is designed for reliable power transmission in various industrial and commercial environments. With a length of 5 metres, it provides flexibility and convenience for connecting equipment to power sources. The cable is rated for 10 A and 250 V, making it suitable for a wide range of applications.

General Specifications

Connector Type A	IEC C13
Connector Type B	IEC C14G
Jacket Colour	Black
Mains Socket Type	Straight
Product Type	Power Cable

Mechanical Specifications

Cable Length	5 m
Jacket Material	Polyvinyl Chloride

Electrical Specifications

Current Rating	10 A
Mains Plug Type	Straight
Voltage	250 V

Approvals

Standards/Approvals	CCCs, CSA, EAC, ENEC 11, ICC, JET, PSE, RCM N10544, SII, UL
