| <b>Product Name</b> | Magcom Tracer |
|---------------------|---------------|
| Item Code           | CRMC          |
| Length              | N/A           |
| Attachments         | N/A           |

#### **CONTENTS**

#### **ABOUT**

The Magcom Tracer allows you to locate the rod end when concealed inside walls, conduit, flooring etc. This is particularly useful when locating obstructions. Screw the Super Magnet onto a rod and feed it roughly into position. Sweep the area with the compass and the needle will reverse when it passes the magnet.

- 1 x Double Magnet
- 1 x Compass
- \* Note: The Magcom Tracer is sensitive to approximately 60mm depending on the material it has to sense through.

## **APPLICATION**

Locate
