

Syntis PX

Sterile polychloroprene surgical gloves. microtextured, powder-free, non-latex

HAIKA® SYNTIS PX is a latex-free microtextured surgical glove. Extremely fine, yet strong, it's also an exceptionally tactile glove that provides a remarkable fit and feel. The textured surface enhances slip-resistance for greater control during surgical procedures and the synthetic formulation allows for easy donning and doffing.

Features

- ▲ Multi-layered Technology
