Shape memory protective barrier - 600 x 1000 mm - black/yellow

The black/yellow memory foam flexible bollard with an 80 mm diameter is designed to prevent damage to vehicles. In the event of an impact, the bollard deforms and then returns to its original shape without breaking the fixation. It is resistant to tearing, pulling, and breaking, making it an excellent choice for separating and protecting different areas in a warehouse. It is available in various heights and is delivered without fastenings.

Customs code	3926909790
EAN	3321360109958

Color : Black/Yellow

Material : Polyurethane

Specifications :

- Flexible protective hoop with shape memory.
- Resistant to all types of impact.
- 2 mounting plates (150x150mm).
- 4 mounting points per plate.
- Mountings not included (reference TPUFIX1SB).
- Temperature resistant from -20°C to +50°C.
- Anti-corrosion.
- Indoor/outdoor use.
