

FEATURES

- **4:1 shrink ratio:** Allows for a wide range of applications, accommodating various sizes and shapes
- **Flame retardant:** Enhances safety by reducing the risk of fire
- **Halogen-free:** Minimises toxic emissions in case of fire, making it safer for use in confined spaces
- **Polyolefin material:** Offers excellent electrical insulation and mechanical protection
- **52 mm sleeve diameter:** Suitable for larger cables and connectors
- **1 m sleeve length:** Provides ample coverage for extensive applications

RS PRO 4:1 Black Heat Shrink Tubing, 20 mm Shrunk Diameter

RS Stock No: 671-550

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO heat shrink tubing is designed for insulating and protecting electrical connections. With a 4:1 shrink ratio, it provides a snug fit over irregular shapes and large connectors, ensuring optimal protection and insulation. This tubing is ideal for use in environments where flame retardancy and halogen-free materials are required.

General Specifications

Colour	Black
Flame Retardant	Yes
Halogen Free	Yes
Product Type	Heat Shrink Tubing
Shrink Ratio	4:1

Mechanical Specifications

Material	Polyolefin
Shrunk Diameter	20 mm
Sleeve Diameter	52 mm
Sleeve Length	1 m

Approvals

Standards/Approvals	REACH, RoHS
