

## Product Information

# Travabon® Special PURE

**Skin protection when working with resins and water-insoluble workplace substances.**

### DESCRIPTION

Travabon® Special PURE is a special, non-oily, skin protectant containing pigments which features outstanding protective action against water-insoluble workplace substances.

### AREA OF APPLICATION

When working with water-insoluble workplace substances as well as mineral oils and greases, metalworking oils not mixed with water (e.g. cutting oils). Facilitates skin cleansing when working with multiplecomponent resins (epoxy and polyester resins etc.). Travabon® Special PURE can also be used on the face.

NB: Using skin care products does not release you from the duty to take the prescribed protective measures.

### INSTRUCTIONS FOR USE

- Wash and dry the skin thoroughly before each application
- Then carefully rub Travabon® Special PURE on to the areas of skin at risk, including between the fingers and on the fingernails
- Travabon® Special PURE can also suitable for facial application

Travabon® Special PURE should always be used before starting work, after washing hands, contact with water and after any lengthy breaks.

### PRODUCT DESCRIPTION

Whitish, unperfumed and silicone-free, non-greasy cream of oil-in-water (O/W) emulsion type.

| Features                                      | Benefits   |
|---|--|
| high pigment content (talc, kaolin)           | • helps to stop dirt clinging (e.g. resins)                                |
| with natural film former                      | • enhanced protective action   |
| contains glycerine and emollient              | • active ingredients to support the skin's natural barrier                 |
| dermatologically confirmed skin compatibility | • very good skin compatibility<br>• minimises the risk of skin irritations |
| with high-quality ingredients                 | • can also be used on the face   |
| without any perfumes or colourants            | • ideal for people who are sensitive to fragrances                         |
| silicone-free and low oil content             | • no adverse effects when coating surfaces                                 |

### Qualitative Composition\*

AQUA (WATER), TALC, KAOLIN, POTASSIUM STEARATE, GLYCERIN, STEARIC ACID, PETROLATUM, LANOLIN ALCOHOL, ALGIN, METHYLPARABEN, DEHYDROACETIC ACID, SORBIC ACID, PROPYLPARABEN.

The ingredient declarations used are in compliance with the International Nomenclature of Cosmetic Ingredients (INCI).

### Skin Compatibility Tests

The skin compatibility of Travabon® Special PURE was carefully tested under laboratory conditions and medical guidance on volunteers with pre-damaged skin. In these tests, as well as in practical use, Travabon® Special PURE has proven to have very good skin compatibility properties.

Medically certified skin compatibility expert reports prepared by Prof. Dr. med. S. W. Wassilew, MD for Dermatology, Allergology, Environmental Medicine, are available upon request.
