

DeWalt DCD708

Cordless Drill Driver

Introduction

The **DCD708 20V MAX Brushless ATOMIC™ Drill Driver** from DEWALT is a compact, lightweight, and powerful cordless drill designed for professionals and DIY enthusiasts. Featuring a high-efficiency brushless motor, this drill delivers outstanding performance and extended runtime in a compact form factor, making it ideal for working in tight spaces and overhead applications.

Key Features

- **Compact & Lightweight Design:** At only 6.3" front to back and weighing just 1.1 kg (tool only), it's perfect for confined spaces and reduces user fatigue.
- **Brushless Motor Technology:** Provides increased efficiency, longer runtime, and enhanced durability.
- **High Performance:** Delivers up to 65 Nm of torque for tough drilling and fastening tasks.
- **2-Speed Transmission:** Optimizes speed and control for a variety of applications.
- **Ergonomic Handle:** Ensures comfort and control during extended use.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	65 Nm
No Load Speed	0-450 / 0-1,650 rpm (2-speed)
Chuck Size	1/2" (13 mm)
Max Drilling Capacity	Wood: 30 mm / Metal: 13 mm
Tool Length	6.3" (160 mm)
Weight (tool only)	Approx. 1.1 kg
LED Work Light	Yes
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCG200

60V MAX XR FLEXVOLT Wall Chaser

Introduction

The DCG200 60V MAX XR FLEXVOLT Wall Chaser is a high-performance cordless wall chaser designed for professional electricians and contractors. Powered by DEWALT’s advanced FLEXVOLT battery technology, this tool delivers the freedom of cordless operation without compromising on power or runtime. Ideal for cutting precise channels in masonry, concrete, and brickwork for electrical cables and conduits, the DCG200 ensures efficient, clean, and dust-controlled operation on every job site.

Key Features

- **Cordless Convenience:** Operates on DEWALT’s 60V MAX XR FLEXVOLT battery system for maximum mobility and power.
- **Powerful Brushless Motor:** Delivers high cutting performance and extended tool life.
- **Adjustable Cutting Depth & Width:** Allows for precise channel dimensions to suit various installation needs.
- **Integrated Dust Extraction:** Compatible with DEWALT AirLock system for effective dust management and cleaner work environments.
- **Electronic Brake & Clutch:** Enhances user safety by stopping the blade quickly and reducing kickback.
- **Ergonomic Design:** Features a comfortable grip and balanced weight for reduced user fatigue during extended use.
- **Tool-Free Blade Change:** Enables quick and easy blade replacement for minimal downtime.
- **Specifications**

Specifications Table

Feature	Specification
Power Source	60V MAX XR FLEXVOLT Battery (not included)
Motor Type	Brushless
Blade Diameter	125 mm
Maximum Cutting Depth	32 mm
Maximum Cutting Width	35 mm
No Load Speed	9,000 rpm
Dust Extraction Port	Yes (AirLock compatible)
Weight (without battery)	Approx. 4.7 kg
Safety Features	Electronic brake, clutch
Handle Type	Ergonomic side and rear handles
Accessories Included	TSTAK Case (battery and charger sold separately)

DeWalt DCG418

Angle Grinder

Introduction

The **DCG418 60V MAX XR 4-1/2" Angle Grinder** is engineered for professional users who demand high performance and portability. Powered by DEWALT's FLEXVOLT battery system, this cordless grinder delivers the power of a corded tool with the freedom of cordless operation. Its brushless motor, advanced safety features, and ergonomic design make it ideal for heavy-duty cutting, grinding, and finishing tasks on the job site.

Key Features

- **Cordless FLEXVOLT Power:** Uses DEWALT 60V MAX XR FLEXVOLT batteries for maximum runtime and mobility.
- **High-Efficiency Brushless Motor:** Provides longer runtime, increased durability, and consistent performance.
- **4-1/2" (115 mm) Wheel Capacity:** Suitable for a wide range of metal and masonry applications.
- **Electronic Brake:** Stops the wheel quickly after trigger release for enhanced safety.
- **Kickback Brake:** Engages in the event of a pinch, stall, or bind-up to reduce the risk of injury.
- **Tool-Free Guard Adjustment:** Allows for fast and easy guard positioning.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.

Specifications Table

<u>Feature</u>	<u>Specification</u>
Power Source	60V MAX XR FLEXVOLT Battery (not included)
Motor Type	Brushless
Wheel Diameter	4-1/2" (115 mm)
No Load Speed	9,000 rpm
Spindle Thread	M14
Weight (without battery)	Approx. 2.2 kg
Safety Features	Electronic brake, kickback brake
Handle Type	Ergonomic side handle
Guard Adjustment	Tool-free
Accessories Included	Side handle, wheel guard (battery and charger sold separately)

DeWalt DCM575

Chainsaw

Introduction

The **DCM575 60V MAX 16" Chainsaw** from DEWALT is a powerful cordless chainsaw designed for professional landscapers, arborists, and demanding users. Powered by DEWALT's FLEXVOLT battery system, it delivers the performance of a petrol chainsaw with the convenience and low maintenance of cordless operation. With a robust brushless motor, tool-free chain tensioning, and a 16-inch Oregon bar and chain, the DCM575 is ideal for cutting logs, branches, and timber efficiently and safely.

Key Features

- **Cordless FLEXVOLT Power:** Operates on DEWALT 60V MAX XR FLEXVOLT batteries for maximum portability and runtime.
- **High-Efficiency Brushless Motor:** Delivers powerful cutting performance and extended tool life.
- **16" Oregon Bar and Chain:** Suitable for heavy-duty cutting tasks.
- **Tool-Free Chain Tensioning and Bar Fitting:** Quick and easy adjustments without the need for extra tools.
- **Automatic Oiling System:** Ensures constant lubrication for smooth operation and longer chain life.
- **Variable Speed Trigger:** Provides precise control over cutting speed.
- **Chain Brake:** Enhances user safety by stopping the chain quickly in case of kickback.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.

Specifications Table

Feature	Specification
Power Source	60V MAX XR FLEXVOLT Battery (not included)
Motor Type	Brushless
Bar Length	16" (40 cm)
Chain Type	Oregon
Chain Speed	Up to 15 m/s
Oil System	Automatic
Chain Tensioning	Tool-free
Weight (without battery)	Approx. 5.4 kg
Safety Features	Chain brake
Accessories Included	Bar cover (battery and charger sold separately)

DeWalt DCS389

Reciprocating Saw

Introduction

The **DCS389 60V MAX XR Brushless Reciprocating Saw** from DEWALT is engineered for heavy-duty demolition, cutting, and remodeling tasks. Powered by the FLEXVOLT 60V MAX battery system, this cordless saw delivers the power and performance of a corded tool with the freedom and convenience of cordless operation. Its high-efficiency brushless motor, variable speed trigger, and tool-free blade change make it an essential tool for professionals working on demanding job sites.

Key Features

- **Cordless FLEXVOLT Power:** Operates on DEWALT 60V MAX XR FLEXVOLT batteries for maximum runtime and portability.
- **High-Efficiency Brushless Motor:** Delivers superior cutting performance and extended tool life.
- **Variable Speed Trigger:** Provides precise control for a variety of cutting applications.
- **Tool-Free Blade Change:** Enables quick and easy blade swaps for increased productivity.
- **Pivoting Shoe:** Enhances stability and control during cutting.
- **LED Work Light:** Illuminates the cutting area for improved visibility.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.

Specifications Table

Feature	Specification
Power Source	60V MAX XR FLEXVOLT Battery (not included)
Motor Type	Brushless
Stroke Length	1-1/8" (29 mm)
No Load Speed	0-3,000 spm (strokes per minute)
Blade Change	Tool-free
Shoe Type	Pivoting
LED Work Light	Yes
Weight (without battery)	Approx. 4.1 kg
Accessories Included	Blade (battery and charger sold separately)

DeWalt DCS397

Alligator Saw

Introduction

The **DCS397 60V MAX XR 430mm Alligator Saw** from DEWALT is a powerful cordless saw designed for cutting a variety of construction materials, including aerated concrete, insulation, timber, and more. Powered by the FLEXVOLT 60V MAX battery system, this tool offers the performance of a corded saw with the convenience and mobility of cordless operation. Its dual reciprocating blades, robust brushless motor, and ergonomic design make it ideal for professional use on demanding job sites.

Key Features

- **Cordless FLEXVOLT Power:** Operates on DEWALT 60V MAX XR FLEXVOLT batteries for maximum portability and runtime.
- **Dual Reciprocating Blades:** Ensures fast, efficient, and accurate cuts with reduced material movement.
- **High-Efficiency Brushless Motor:** Delivers superior cutting performance and extended tool life.
- **Large 430mm Blade Length:** Suitable for cutting large blocks and materials.
- **Tool-Free Blade Change:** Enables quick and easy blade swaps for increased productivity.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **Robust Construction:** Designed for durability in tough job site conditions.

Specifications Table

<u>Feature</u>	<u>Specification</u>
Power Source	60V MAX XR FLEXVOLT Battery (not included)
Motor Type	Brushless
Blade Length	430 mm
No Load Speed	2,400 spm (strokes per minute)
Blade Change	Tool-free
Blade Type	Dual reciprocating
Weight (without battery)	Approx. 5.5 kg
Accessories Included	Blade (battery and charger sold separately)

DeWalt DCS578

Circular Saw

Introduction

The **DCS578 60V MAX XR 7-1/4" Circular Saw** from DEWALT is a high-performance cordless circular saw designed for professional carpenters, builders, and remodelers. Powered by the FLEXVOLT 60V MAX battery system, this saw delivers the power and runtime of a corded tool with the freedom and convenience of cordless operation. Its brushless motor, robust construction, and advanced features make it ideal for demanding cutting tasks on the job site.

Key Features

- **Cordless FLEXVOLT Power:** Operates on DEWALT 60V MAX XR FLEXVOLT batteries for maximum portability and extended runtime.
- **High-Efficiency Brushless Motor:** Provides powerful cutting performance and longer tool life.
- **7-1/4" (184 mm) Blade Capacity:** Suitable for a wide range of cutting applications in wood and other materials.
- **High Cutting Depth:** Up to 2-9/16" (65 mm) at 90°, and 2" (50 mm) at 45°.
- **Electronic Brake:** Stops the blade quickly for enhanced safety.
- **Bevel Capacity:** Up to 57° for versatile angled cuts.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **Rafter Hook:** For convenient storage on the job site.
- **LED Work Light:** Illuminates the cutting area for improved accuracy.

Specifications Table

Feature	Specification
Power Source	60V MAX XR FLEXVOLT Battery (not included)
Motor Type	Brushless
Blade Diameter	7-1/4" (184 mm)
Max Cutting Depth @ 90°	2-9/16" (65 mm)
Max Cutting Depth @ 45°	2" (50 mm)
No Load Speed	5,800 rpm
Bevel Capacity	0–57°
Electronic Brake	Yes
LED Work Light	Yes
Rafter Hook	Yes
Weight (without battery)	Approx. 4.0 kg
Accessories Included	Blade, blade wrench (battery and charger sold separately)

DeWalt DCC1020

Cordless Air Compressor

Introduction

The **DCC1020 20V MAX FVA Brushless Cordless Air Compressor (2-1/2 gal)** from DEWALT is a compact, portable, and powerful solution for pneumatic tools on the job site. Powered by DEWALT's 20V MAX battery system, this cordless air compressor offers the freedom of movement and convenience without the need for power cords. Its brushless motor, durable construction, and quiet operation make it ideal for trim carpentry, remodeling, and punch list work.

Key Features

- **Cordless Operation:** Runs on DEWALT 20V MAX batteries for maximum portability and convenience.
- **Brushless Motor:** Delivers efficient performance, longer runtime, and extended tool life.
- **2-1/2 Gallon Tank:** Provides ample air supply for a variety of pneumatic tools.
- **Oil-Free Pump:** Reduces maintenance and ensures clean operation.
- **Quiet Operation:** Operates at only 80 dBA for less noise on the job site.
- **OneTurn Regulator:** Allows fast and accurate pressure adjustments.
- **Lightweight & Compact Design:** Easy to carry and store.
- **Rubber Feet:** Prevents marring and provides stability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Tank Capacity	2.5 gallons (9.5 liters)
Max PSI	135 PSI
Pump Type	Oil-free
Noise Level	80 dBA
Regulator Type	OneTurn
Weight (without battery)	Approx. 9.0 kg
Dimensions (L x W x H)	41 x 36 x 36 cm (approx.)
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCD709

Cordless Hammer Drill Driver

Introduction

The **DCD709 20V MAX Brushless ATOMIC™ Hammer Drill Driver** from DEWALT is a compact, lightweight, and powerful cordless hammer drill designed for professionals and DIY enthusiasts. Featuring a high-efficiency brushless motor, this tool delivers outstanding performance and extended runtime in a compact form factor, making it ideal for drilling and fastening in tight spaces and overhead applications. The hammer function allows for efficient drilling in masonry and concrete.

Key Features

- **Compact & Lightweight Design:** Only 6.9" front to back and weighing just 1.2 kg (tool only), perfect for confined spaces and reduces user fatigue.
- **Brushless Motor Technology:** Provides increased efficiency, longer runtime, and enhanced durability.
- **Hammer Function:** Enables efficient drilling in masonry and concrete.
- **High Performance:** Delivers up to 65 Nm of torque for tough drilling and fastening tasks.
- **2-Speed Transmission:** Optimizes speed and control for a variety of applications.
- **Ergonomic Handle:** Ensures comfort and control during extended use.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	65 Nm
No Load Speed	0-450 / 0-1,650 rpm (2-speed)
Chuck Size	1/2" (13 mm)
Max Drilling Capacity	Wood: 30 mm / Metal: 13 mm / Masonry: 13 mm
Hammer Action	Yes
Tool Length	6.9" (175 mm)
Weight (tool only)	Approx. 1.2 kg
LED Work Light	Yes
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD805

Cordless Hammer Drill Driver

Introduction

The **DCD805 20V MAX Brushless ATOMIC™ Hammer Drill Driver** from DEWALT is a next-generation compact and powerful cordless hammer drill designed for professionals and serious DIY users. Featuring an advanced brushless motor and ATOMIC™ compact design, this tool delivers outstanding performance, longer runtime, and enhanced durability. The hammer function enables efficient drilling in masonry and concrete, while its lightweight and ergonomic build make it ideal for use in tight spaces and overhead applications.

Key Features

- **ATOMIC™ Compact Design:** Ultra-compact and lightweight for easy handling and access in confined spaces.
- **Brushless Motor:** Delivers high efficiency, longer runtime, and increased durability.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Up to 90 Nm of torque for demanding drilling and fastening tasks.
- **2-Speed Transmission:** Optimizes speed and control for a variety of applications.
- **LED Work Light:** Provides illumination for improved visibility in dark work areas.
- **Ergonomic Grip:** Designed for comfort and control during extended use.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (included)
Motor Type	Brushless
Max Torque	90 Nm
No Load Speed	0-650 / 0-2,000 rpm (2-speed)
Chuck Size	1/2" (13 mm)
Max Drilling Capacity	Wood: 55 mm / Metal: 13 mm / Masonry: 13 mm
Hammer Action	Yes
Tool Length	Approx. 6.6" (168 mm)
Weight (tool only)	Approx. 1.2 kg
LED Work Light	Yes
Accessories Included	1 x 20V MAX battery, charger, TSTAK case, belt hook

DeWalt DCD801

Cordless Drill/Driver

Introduction

The **DCD801 20V MAX Brushless 13mm Metal Chuck Drill/Driver** from DEWALT is a compact, high-performance cordless drill designed for professional tradespeople and demanding DIY users. Featuring a robust brushless motor and a durable all-metal chuck, this tool delivers superior power, longer runtime, and enhanced durability. Its lightweight and ergonomic design make it ideal for use in tight spaces and for extended periods.

Key Features

- **Brushless Motor:** Provides increased efficiency, longer runtime, and extended tool life.
- **13mm All-Metal Chuck:** Offers superior bit retention and durability for heavy-duty applications.
- **Compact & Lightweight Design:** Ideal for working in confined spaces and reduces user fatigue.
- **High Performance:** Delivers up to 52 Nm of torque for tough drilling and fastening tasks.
- **2-Speed Transmission:** Optimizes speed and control for a variety of applications.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	52 Nm
No Load Speed	0-450 / 0-1,650 rpm (2-speed)
Chuck Size	13 mm (1/2") All-Metal
Max Drilling Capacity	Wood: 30 mm / Metal: 13 mm
Tool Length	Approx. 160 mm
Weight (tool only)	Approx. 1.1 kg
LED Work Light	Yes
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD806

Cordless Hammer Drill/Driver

Introduction

The **DCD806 20V MAX Brushless 13mm Hammer Drill/Driver** from DEWALT is a powerful, compact, and versatile cordless tool designed for professional contractors and serious DIY users. Featuring a high-efficiency brushless motor and robust all-metal chuck, this drill/driver delivers outstanding performance, longer runtime, and enhanced durability. The hammer function enables efficient drilling in masonry and concrete, while its ergonomic design ensures comfort during extended use.

Key Features

- **Brushless Motor:** Delivers increased efficiency, longer runtime, and extended tool life.
- **13mm All-Metal Chuck:** Provides superior bit retention and durability for heavy-duty applications.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Up to 90 Nm of torque for demanding drilling and fastening tasks.
- **2-Speed Transmission:** Optimizes speed and control for a variety of applications.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Designed for comfort and control during extended use.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	90 Nm
No Load Speed	0-650 / 0-2,000 rpm (2-speed)
Chuck Size	13 mm (1/2") All-Metal
Max Drilling Capacity	Wood: 55 mm / Metal: 13 mm / Masonry: 13 mm
Hammer Action	Yes
Tool Length	Approx. 168 mm
Weight (tool only)	Approx. 1.2 kg
LED Work Light	Yes
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD996

Cordless Hammer Drill/Driver

Introduction

The **DCD996 20V MAX Brushless XR® XRP Hammer Drill/Driver** from DEWALT is a premium, high-performance cordless hammer drill designed for professional contractors and demanding users. Featuring a powerful brushless motor and robust all-metal chuck, this tool delivers exceptional speed, torque, and runtime. The hammer function enables efficient drilling in masonry and concrete, while its rugged construction and advanced features make it ideal for heavy-duty applications.

Key Features

- **Brushless Motor:** Delivers increased efficiency, longer runtime, and extended tool life.
- **13mm All-Metal Ratcheting Chuck:** Provides superior bit retention and durability for heavy-duty tasks.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Up to 95 Nm of torque for demanding drilling and fastening applications.
- **3-Speed Transmission:** Optimizes speed and control for a wide range of tasks.
- **LED Work Light:** Features 3 modes, including a spotlight mode for maximum visibility.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	95 Nm
No Load Speed	0-450 / 0-1,300 / 0-2,000 rpm (3-speed)
Chuck Size	13 mm (1/2") All-Metal Ratcheting
Max Drilling Capacity	Wood: 55 mm / Metal: 15 mm / Masonry: 16 mm
Hammer Action	Yes
Tool Length	Approx. 213 mm
Weight (tool only)	Approx. 2.1 kg
LED Work Light	3 modes, including spotlight
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD996

Cordless Hammer Drill/Driver

Introduction

The **DCD996 20V MAX Brushless XR® XRP Hammer Drill/Driver** from DEWALT is a top-tier cordless hammer drill engineered for professional contractors and serious DIY users. Featuring a powerful brushless motor and robust all-metal ratcheting chuck, this tool delivers outstanding speed, torque, and runtime. The hammer function enables efficient drilling in masonry and concrete, while its rugged construction and advanced features make it ideal for heavy-duty applications.

Key Features

- **Brushless Motor:** Delivers increased efficiency, longer runtime, and extended tool life.
- **13mm All-Metal Ratcheting Chuck:** Provides superior bit retention and durability for heavy-duty tasks.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Up to 95 Nm of torque for demanding drilling and fastening applications.
- **3-Speed Transmission:** Optimizes speed and control for a wide range of tasks.
- **LED Work Light:** Features 3 modes, including a spotlight mode for maximum visibility.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	95 Nm
No Load Speed	0-450 / 0-1,300 / 0-2,000 rpm (3-speed)
Chuck Size	13 mm (1/2") All-Metal Ratcheting
Max Drilling Capacity	Wood: 55 mm / Metal: 15 mm / Masonry: 16 mm
Hammer Action	Yes
Tool Length	Approx. 213 mm
Weight (tool only)	Approx. 2.1 kg
LED Work Light	3 modes, including spotlight
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD999

Cordless Hammer Drill/Driver

Introduction

The **DCD999 20V MAX Brushless XR® XRP FVA Hammer Drill/Driver** from DEWALT is a flagship cordless hammer drill designed for professional contractors and demanding users. Featuring FLEXVOLT ADVANTAGE™ technology, this tool automatically increases power when paired with FLEXVOLT batteries, delivering unmatched performance and runtime. Its robust brushless motor, all-metal ratcheting chuck, and advanced features make it ideal for heavy-duty drilling and fastening in wood, metal, and masonry.

Key Features

- **FLEXVOLT ADVANTAGE™ Technology:** Delivers up to 42% more power when used with FLEXVOLT batteries.
- **Brushless Motor:** Provides increased efficiency, longer runtime, and extended tool life.
- **13mm All-Metal Ratcheting Chuck:** Ensures superior bit retention and durability.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Up to 112 Nm of torque for demanding applications.
- **3-Speed Transmission:** Optimizes speed and control for a wide range of tasks.
- **LED Work Light:** Features 3 modes, including a spotlight mode for maximum visibility.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX and FLEXVOLT batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	112 Nm
No Load Speed	0-450 / 0-1,300 / 0-2,000 rpm (3-speed)
Chuck Size	13 mm (1/2") All-Metal Ratcheting
Max Drilling Capacity	Wood: 55 mm / Metal: 15 mm / Masonry: 16 mm
Hammer Action	Yes
Tool Length	Approx. 213 mm
Weight (tool only)	Approx. 1.5 kg
LED Work Light	3 modes, including spotlight
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD100

Cordless Hammer Drill/Driver

Introduction

The **DCD100 20V MAX Brushless XR® Hammer Drill/Driver** from DEWALT is a compact, high-performance cordless hammer drill designed for professionals and serious DIY users. Featuring a powerful brushless motor and robust all-metal chuck, this tool delivers excellent speed, torque, and runtime. The hammer function enables efficient drilling in masonry and concrete, while its ergonomic design ensures comfort and control during extended use.

Key Features

- **Brushless Motor:** Provides increased efficiency, longer runtime, and extended tool life.
- **13mm All-Metal Chuck:** Ensures superior bit retention and durability.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Up to 68 Nm of torque for demanding drilling and fastening applications.
- **2-Speed Transmission:** Optimizes speed and control for a wide range of tasks.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **20V MAX Compatibility:** Works with all DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	68 Nm
No Load Speed	0-450 / 0-1,650 rpm (2-speed)
Chuck Size	13 mm (1/2") All-Metal
Max Drilling Capacity	Wood: 40 mm / Metal: 13 mm / Masonry: 13 mm
Hammer Action	Yes
Tool Length	Approx. 174 mm
Weight (tool only)	Approx. 1.2 kg
LED Work Light	Yes
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD1007

Cordless Hammer Drill/Driver

Introduction

The **DCD1007 20V Premium Cordless Hammer Drill** from DEWALT is designed for professionals and serious DIY users who require reliable performance and versatility. This cordless hammer drill features a robust motor, durable construction, and a hammer function for efficient drilling in masonry and concrete. The kit includes essential accessories, making it a convenient solution for a wide range of drilling and fastening tasks.

Key Features

- **Cordless Convenience:** Powered by DEWALT 20V MAX Lithium-Ion batteries for maximum portability.
- **Hammer Function:** Enables fast and efficient drilling in masonry and concrete.
- **High Performance:** Delivers up to 60 Nm of torque for demanding applications.
- **2-Speed Transmission:** Optimizes speed and control for various tasks.
- **13mm Keyless Chuck:** Allows quick and easy bit changes.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Design:** Comfortable grip for reduced user fatigue.
- **Complete Kit:** Includes battery, charger, and carrying case.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (included)
Motor Type	Brushed
Max Torque	60 Nm
No Load Speed	0-450 / 0-1,600 rpm (2-speed)
Chuck Size	13 mm (1/2") Keyless
Max Drilling Capacity	Wood: 38 mm / Metal: 13 mm / Masonry: 13 mm
Hammer Action	Yes
Tool Length	Approx. 200 mm
Weight (tool only)	Approx. 1.5 kg
LED Work Light	Yes
Accessories Included	1 x 20V MAX battery, charger, carrying case

DeWalt DCD1623

Cordless Magnetic Drill

Introduction

The **DCD1623 20V MAX Cordless Magnetic Drill** from DEWALT is a powerful and portable solution for drilling in steel and other metals. Designed for professional fabricators and contractors, this cordless mag drill offers the freedom of movement without sacrificing performance. Its brushless motor, strong magnetic base, and advanced safety features make it ideal for demanding job site applications.

Key Features

- **Cordless Operation:** Powered by DEWALT 20V MAX batteries for maximum portability and convenience.
- **Brushless Motor:** Delivers efficient performance, longer runtime, and extended tool life.
- **Strong Magnetic Base:** Provides secure attachment to metal surfaces for precise drilling.
- **2-Speed Transmission:** Optimizes speed and control for different drilling applications.
- **Overload Protection:** Enhances tool safety and longevity.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Design:** Comfortable grip and balanced weight for reduced user fatigue.
- **Bare Tool:** Battery and charger sold separately.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Drilling Capacity	50 mm (with annular cutter)
Max Twist Drill Capacity	13 mm
No Load Speed	0-300 / 0-800 rpm (2-speed)
Magnetic Force	9,890 N
Stroke Length	146 mm
Weight (tool only)	Approx. 13.5 kg
LED Work Light	Yes
Accessories Included	Safety strap, coolant bottle (battery and charger sold separately)

DeWalt DCE530

Cordless Heat Gun

Introduction

The **DCE530 20V MAX Heat Gun** from DEWALT is a compact and portable cordless heat gun designed for professionals and DIY users. Powered by DEWALT's 20V MAX battery system, this tool offers the convenience of cordless operation for a variety of applications, including shrinking heat shrink tubing, stripping paint, loosening adhesives, and more. Its lightweight design and ergonomic grip make it easy to use in tight spaces and on the go.

Key Features

- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.
- **Dual Temperature Settings:** Provides flexibility for different applications.
- **Compact & Lightweight Design:** Ideal for use in tight spaces and for extended periods.
- **Lock-On & Lock-Off Trigger:** Allows for hands-free operation and added safety.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during use.
- **Nozzle Compatibility:** Includes standard and reduction nozzles for versatile use.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Temperature Settings	290°C / 530°C (dual settings)
Air Flow	109 / 175 L/min (low/high)
Run Time	Up to 42 minutes (with 5.0Ah battery)
Weight (tool only)	Approx. 0.5 kg
LED Work Light	Yes
Accessories Included	Standard nozzle, reduction nozzle (battery and charger sold separately)

DeWalt DCE555

Cordless Drywall Cut-Out Tool

Introduction

The **DCE555 20V MAX XR® Brushless Drywall Cut-Out Tool** from DEWALT is a high-performance, cordless solution for fast and precise drywall cutting. Powered by DEWALT's 20V MAX battery system and featuring a brushless motor, this tool delivers extended runtime, increased durability, and consistent power. Its compact design, tool-free bit change, and integrated LED light make it ideal for professional drywall installers and remodelers.

Key Features

- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.
- **Tool-Free Bit Change:** Allows for quick and easy accessory swaps.
- **Compact & Lightweight Design:** Ideal for working in tight spaces and overhead applications.
- **Integrated LED Light:** Illuminates the work area for improved visibility.
- **Dust-Sealed Switch:** Enhances durability in dusty environments.
- **Ergonomic Grip:** Ensures comfort and control during extended use.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
No Load Speed	28,000 rpm
Collet Size	1/8" (3.2 mm) & 1/4" (6.35 mm)
Tool-Free Bit Change	Yes
LED Work Light	Yes
Weight (tool only)	Approx. 0.6 kg
Accessories Included	Collet wrench (battery and charger sold separately)

DeWalt DCF510

Cordless Sealed Head Ratchet

Introduction

The **DCF510 20V MAX XR® Brushless 3/8" & 1/2" Sealed Head Ratchet** from DEWALT is a versatile, high-performance cordless ratchet designed for automotive, maintenance, and repair professionals. Featuring a brushless motor and sealed head design, this tool delivers powerful fastening, extended runtime, and increased durability, even in demanding environments. The interchangeable anvil system allows users to switch between 3/8" and 1/2" drive sizes for maximum flexibility.

Key Features

- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **Sealed Head Design:** Protects internal components from dust, debris, and oils for enhanced durability.
- **Interchangeable Anvil System:** Easily switch between 3/8" and 1/2" drive sizes.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.
- **Variable Speed Trigger:** Offers precise control over fastening speed.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	3/8" (9.5 mm) & 1/2" (12.7 mm) interchangeable
Max Torque	70 Nm (3/8"), 95 Nm (1/2")
No Load Speed	0-300 rpm
Head Type	Sealed
LED Work Light	Yes
Weight (tool only)	Approx. 1.2 kg
Accessories Included	3/8" and 1/2" anvils (battery and charger sold separately)

DeWalt DCF630

Cordless Sealed Head Ratchet

Introduction

The **DCF630 20V MAX XR® Brushless Drywall Screwgun** from DEWALT is a high-performance, cordless screwgun designed for professional drywall installers and contractors. Featuring a powerful brushless motor and lightweight, ergonomic design, this tool delivers fast, efficient, and consistent screw driving with extended runtime. Its cordless convenience and advanced features make it ideal for large drywall projects and overhead applications.

Key Features

- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.
- **High Speed:** Delivers up to 4,500 rpm for fast and efficient drywall installation.
- **Ergonomic Design:** Lightweight and comfortable grip for reduced user fatigue.
- **Lock-On Nose Cone:** Maintains consistent screw depth and allows for quick removal.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Compatible with Collated Magazine Attachment:** For increased productivity (sold separately).

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
No Load Speed	0-4,500 rpm
Chuck Type	1/4" Hex
Nose Cone	Removable, lock-on
LED Work Light	Yes
Weight (tool only)	Approx. 1.1 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF845

Cordless Impact Driver

Introduction

The **DCF845 20V MAX XR® 3-Speed 1/4" Impact Driver** from DEWALT is a high-performance, compact, and versatile cordless impact driver designed for professional contractors and serious DIY users. Featuring a powerful brushless motor and three speed settings, this tool delivers outstanding torque, control, and runtime for a wide range of fastening applications. Its ergonomic design and advanced features make it ideal for demanding job site tasks.

Key Features

- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **3-Speed Settings:** Offers optimal control for a variety of fastening applications.
- **High Torque Output:** Delivers up to 205 Nm of torque for tough jobs.
- **Compact & Lightweight Design:** Ideal for working in tight spaces and overhead applications.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	205 Nm
No Load Speed	0-1,000 / 0-2,800 / 0-3,250 rpm (3-speed)
Impact Rate	0-1,900 / 0-3,300 / 0-3,800 ipm (3-speed)
Chuck Type	1/4" Hex
LED Work Light	Yes
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF850

Cordless Impact Driver

Introduction

The **DCF850 20V MAX XR® 3-Speed 1/4" Impact Driver** from DEWALT is an ultra-compact, high-performance cordless impact driver designed for professional contractors and demanding users. Featuring a powerful brushless motor and three speed settings, this tool delivers exceptional torque, control, and runtime in a compact form factor, making it ideal for tight spaces and overhead applications.

Key Features

- **Ultra-Compact Design:** Only 100 mm (3.97") in length for access in confined spaces.
- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **3-Speed Settings:** Offers optimal control for a variety of fastening applications.
- **High Torque Output:** Delivers up to 205 Nm of torque for tough jobs.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	205 Nm
No Load Speed	0-1,000 / 0-2,800 / 0-3,250 rpm (3-speed)
Impact Rate	0-1,950 / 0-3,400 / 0-3,800 ipm (3-speed)
Chuck Type	1/4" Hex
Tool Length	100 mm (3.97")
LED Work Light	Yes
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF860

Cordless High Torque Impact Driver

Introduction

The **DCF860 20V MAX XR® Brushless High Torque Impact Driver** from DEWALT is engineered for professional contractors and users who require maximum fastening power in a compact, cordless tool. Featuring a robust brushless motor, this impact driver delivers exceptional torque, speed, and runtime for heavy-duty applications. Its ergonomic design and advanced features make it ideal for demanding job site tasks.

Key Features

- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **High Torque Output:** Delivers up to 270 Nm of torque for the toughest fastening jobs.
- **Variable Speed Trigger:** Offers precise control for a variety of applications.
- **Compact & Lightweight Design:** Ideal for working in tight spaces and overhead applications.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	270 Nm
No Load Speed	0-3,400 rpm
Impact Rate	0-4,200 ipm
Chuck Type	1/4" Hex
LED Work Light	Yes
Weight (tool only)	Approx. 1.2 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF870

Cordless Hydraulic Impact Driver

Introduction

The **DCF870 20V MAX Brushless Hydraulic Impact Driver** from DEWALT is designed for professionals who need powerful fastening with reduced noise and vibration. Featuring DEWALT's innovative hydraulic mechanism and a brushless motor, this tool delivers smooth, quiet operation and high performance for demanding fastening applications. Its compact, ergonomic design makes it ideal for use in tight spaces and extended periods.

Key Features

- **Hydraulic Mechanism:** Provides quieter operation and less vibration compared to standard impact drivers.
- **Brushless Motor:** Delivers longer runtime, increased efficiency, and extended tool life.
- **High Torque Output:** Suitable for a wide range of fastening tasks.
- **Compact & Lightweight Design:** Ideal for working in confined spaces and overhead applications.
- **Variable Speed Trigger:** Offers precise control for different applications.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	226 Nm
No Load Speed	0-3,200 rpm
Impact Rate	0-3,800 ipm
Chuck Type	1/4" Hex
LED Work Light	Yes
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF923

Cordless Impact Driver

Introduction

The **DCF923 20V MAX ATOMIC™ 3/8 in. Cordless Impact Wrench (Hog Ring)** from DEWALT is a compact, lightweight, and powerful solution for fastening and loosening tasks in tight spaces. Designed for professional mechanics, contractors, and serious DIY users, this impact wrench features a brushless motor for extended runtime and durability. The ATOMIC™ design delivers high performance in a compact form, making it ideal for automotive, maintenance, and assembly applications.

Key Features

- **Compact ATOMIC™ Design:** Only 5.1" in length for access in confined spaces.
- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **3/8" Hog Ring Anvil:** Allows for quick and easy socket changes.
- **High Torque Output:** Delivers up to 300 Nm (221 ft-lbs) of max fastening torque.
- **Variable Speed Trigger:** Offers precise control for a variety of applications.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	3/8" (9.5 mm) Hog Ring
Max Fastening Torque	300 Nm (221 ft-lbs)
No Load Speed	0-2,850 rpm
Impact Rate	0-3,250 ipm
Tool Length	5.1" (130 mm)
LED Work Light	Yes
Weight (tool only)	Approx. 1.1 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF911

Cordless Impact Wrench

Introduction

The **DCF911 20V MAX Brushless 1/2" Hog Ring Impact Wrench** from DEWALT is a compact, high-torque cordless impact wrench designed for professional mechanics, contractors, and serious DIY users. Featuring a powerful brushless motor and a convenient hog ring anvil, this tool delivers up to 338 Nm of fastening torque in a lightweight, ergonomic package. Its compact design makes it ideal for use in tight spaces and overhead applications.

Key Features

- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **High Torque Output:** Delivers up to 338 Nm of max fastening torque for demanding applications.
- **1/2" Hog Ring Anvil:** Allows for quick and easy socket changes.
- **Compact & Lightweight Design:** Ideal for working in confined spaces and overhead tasks.
- **Variable Speed Trigger:** Offers precise control for a variety of fastening jobs.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	1/2" (12.7 mm) Hog Ring
Max Fastening Torque	338 Nm
No Load Speed	0-2,500 rpm
Impact Rate	0-3,600 ipm
Tool Length	Approx. 125 mm
LED Work Light	Yes
Weight (tool only)	Approx. 1.3 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF921

Cordless Impact Wrench

The **DCF921 20V MAX 1/2" Impact Wrench Hog Ring** from DEWALT is a compact, high-performance cordless impact wrench designed for professional mechanics, contractors, and serious DIY users. Featuring a powerful brushless motor and a convenient hog ring anvil, this tool delivers impressive torque and speed for fastening and loosening tasks. The kit includes a 20V MAX battery and charger, providing everything you need for efficient operation on the job site.

Key Features

- **Brushless Motor:** Delivers longer runtime, increased efficiency, and extended tool life.
- **High Torque Output:** Up to 406 Nm of max fastening torque for demanding applications.
- **1/2" Hog Ring Anvil:** Allows for quick and easy socket changes.
- **Compact & Lightweight Design:** Ideal for working in tight spaces and overhead tasks.
- **Variable Speed Trigger:** Offers precise control for a variety of fastening jobs.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Complete Kit:** Includes 20V MAX battery and charger for immediate use.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (included)
Motor Type	Brushless
Drive Size	1/2" (12.7 mm) Hog Ring
Max Fastening Torque	406 Nm
No Load Speed	0-2,500 rpm
Impact Rate	0-3,600 ipm
Tool Length	Approx. 125 mm
LED Work Light	Yes
Weight (tool only)	Approx. 1.5 kg
Accessories Included	1 x 20V MAX battery, charger, belt hook

DeWalt DCF922

Cordless Impact Wrench

Introduction

The **DCF922 20V MAX Brushless ATOMIC™ 1/2" Detent Pin Impact Wrench** from DEWALT is a compact, high-torque cordless impact wrench designed for professional mechanics, contractors, and serious DIY users. Featuring a powerful brushless motor and ATOMIC™ compact design, this tool delivers up to 406 Nm of fastening torque in a lightweight, ergonomic package. The detent pin anvil ensures secure socket retention, making it ideal for automotive, maintenance, and assembly applications.

Key Features

- **ATOMIC™ Compact Design:** Only 125 mm in length for access in confined spaces.
- **Brushless Motor:** Provides longer runtime, increased efficiency, and extended tool life.
- **High Torque Output:** Delivers up to 406 Nm of max fastening torque for demanding applications.
- **1/2" Detent Pin Anvil:** Ensures secure socket retention for heavy-duty tasks.
- **Variable Speed Trigger:** Offers precise control for a variety of fastening jobs.
- **LED Work Light:** Illuminates the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	1/2" (12.7 mm) Detent Pin
Max Fastening Torque	406 Nm
No Load Speed	0-2,500 rpm
Impact Rate	0-3,600 ipm
Tool Length	125 mm
LED Work Light	Yes
Weight (tool only)	Approx. 1.5 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF900

Cordless Impact Wrench

Introduction

The **DCF900 20V MAX Brushless 1/2" Hog Ring Impact Wrench** delivers extreme torque and durability for heavy-duty fastening and loosening applications. Designed for professional mechanics and contractors, this tool features a powerful brushless motor and a convenient hog ring anvil for quick socket changes. The kit includes two 20V MAX batteries, charger, and TSTAK case.

Key Features

- **Brushless Motor:** Delivers up to 1396 Nm of max fastening torque.
- **1/2" Hog Ring Anvil:** Quick and easy socket changes.
- **Variable Speed Trigger:** Precise control for various applications.
- **LED Work Light:** Illuminates work area.
- **Ergonomic Design:** Comfortable grip for extended use.
- **Complete Kit:** Includes 2 batteries, charger, and TSTAK case.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (included)
Motor Type	Brushless
Drive Size	1/2" Hog Ring
Max Fastening Torque	1396 Nm
No Load Speed	0-650 / 0-1200 / 0-1750 rpm (3-speed)
Impact Rate	0-2400 ipm
LED Work Light	Yes
Weight (tool only)	Approx. 3.0 kg
Accessories Included	2 x 20V MAX batteries, charger, TSTAK case

DeWalt DCF961

Cordless Impact Wrench

Introduction

The **DCF961 20V MAX XR® Brushless 1/2" Hog Ring Impact Wrench** is engineered for the most demanding fastening jobs, offering up to 1626 Nm of torque. Its brushless motor and robust design ensure reliability and power for industrial and automotive applications. Supplied in a TSTAK case for easy transport and storage.

Key Features

- **Extreme Torque:** Up to 1626 Nm for heavy-duty applications.
- **Brushless Motor:** Enhanced efficiency and durability.
- **1/2" Hog Ring Anvil:** Fast socket changes.
- **Variable Speed Trigger:** Precise control.
- **LED Work Light:** Improved visibility.
- **TSTAK Case:** Convenient storage and transport.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	1/2" Hog Ring
Max Fastening Torque	1626 Nm
No Load Speed	0-650 / 0-1200 / 0-1750 rpm (3-speed)
Impact Rate	0-2400 ipm
LED Work Light	Yes
Weight (tool only)	Approx. 3.1 kg
Accessories Included	TSTAK case

DeWalt DCF964

Cordless High Torque Impact Wrench

Introduction

The **DCF964 20V MAX XR® Brushless 3/4" Hog Ring High Torque Impact Wrench** is built for industrial-grade fastening, delivering up to 1925 Nm of torque. Its brushless motor and 3/4" hog ring anvil make it ideal for heavy machinery and construction tasks. Comes in a TSTAK case for protection and portability.

Key Features

- **Maximum Torque:** Up to 1925 Nm for the toughest jobs.
- **Brushless Motor:** Superior power and longevity.
- **3/4" Hog Ring Anvil:** Quick socket changes.
- **Variable Speed Trigger:** Enhanced control.
- **LED Work Light:** Better visibility.
- **TSTAK Case:** Secure storage and transport.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	3/4" Hog Ring
Max Fastening Torque	1925 Nm
No Load Speed	0-650 / 0-1200 / 0-1750 rpm (3-speed)
Impact Rate	0-2400 ipm
LED Work Light	Yes
Weight (tool only)	Approx. 3.5 kg
Accessories Included	TSTAK case

DeWalt DCG407

Cordless Angle Grinder

Introduction

The **DCG407 20V MAX Brushless XR® 4" Slide Switch Small Angle Grinder** is designed for professional cutting and grinding applications. Its brushless motor delivers high performance and extended runtime, while the slide switch offers easy operation. The kit includes two batteries, charger, and TSTAK case.

Key Features

- **Brushless Motor:** High efficiency and durability.
- **Slide Switch:** Easy on/off operation.
- **4" (100 mm) Wheel Capacity:** Versatile for various tasks.
- **Electronic Brake:** Enhanced safety.
- **Ergonomic Design:** Comfortable grip.
- **Complete Kit:** Includes 2 batteries, charger, TSTAK case.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (included)
Motor Type	Brushless
Wheel Diameter	4" (100 mm)
No Load Speed	9,000 rpm
Switch Type	Slide switch
Electronic Brake	Yes
Weight (tool only)	Approx. 1.8 kg
Accessories Included	2 x 20V MAX batteries, charger, TSTAK case

DeWalt DCG408

Cordless Angle Grinder

Introduction

The **DCG408 20V MAX Brushless XR® 4" Paddle Switch Small Angle Grinder** is a compact, high-performance grinder ideal for cutting and grinding in tight spaces. The brushless motor ensures long life and consistent power, while the paddle switch provides enhanced control and safety.

Key Features

- **Brushless Motor:** Delivers longer runtime and durability.
- **Paddle Switch:** Improved control and safety.
- **4" (100 mm) Wheel Capacity:** Suitable for various materials.
- **Electronic Brake:** Stops the wheel quickly.
- **Ergonomic Design:** Comfortable for extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Wheel Diameter	4" (100 mm)
No Load Speed	9,000 rpm
Switch Type	Paddle switch
Electronic Brake	Yes
Weight (tool only)	Approx. 1.8 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCG413

Cordless Angle Grinder

Introduction

The **DCG413 20V MAX Brushless XR® 4.5" Paddle Switch Small Angle Grinder*** is designed for professional cutting and grinding applications. Its brushless motor delivers high performance and extended runtime, while the paddle switch provides enhanced control and safety. The compact design makes it ideal for use in tight spaces.

Key Features

- **Brushless Motor:** Delivers longer runtime, increased efficiency, and extended tool life.
- **Paddle Switch:** Enhanced control and safety.
- **4.5" (115 mm) Wheel Capacity:** Versatile for various cutting and grinding tasks.
- **Electronic Brake:** Stops the wheel quickly for improved safety.
- **Kickback Brake:** Engages in the event of a pinch, stall, or bind-up.
- **Ergonomic Design:** Comfortable grip for extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Wheel Diameter	4.5" (115 mm)
No Load Speed	9,000 rpm
Switch Type	Paddle switch
Electronic Brake	Yes
Kickback Brake	Yes
Weight (tool only)	Approx. 1.75 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCG426

Cordless Die Grinder

Introduction

The **DCG426 20V MAX Brushless Die Grinder** features a dead man's switch for enhanced safety and control. Its brushless motor provides powerful performance and extended runtime, making it ideal for metalworking, fabrication, and maintenance tasks.

Key Features

- **Brushless Motor:** Delivers longer runtime and durability.
- **Dead Man's Switch:** Enhanced safety and control.
- **Variable Speed:** Allows for precise control over grinding applications.
- **LED Work Light:** Illuminates the work area.
- **Ergonomic Design:** Comfortable grip for extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Collet Size	1/4" (6 mm)
No Load Speed	0-25,000 rpm (variable speed)
Switch Type	Dead man's switch
LED Work Light	Yes
Weight (tool only)	Approx. 1.2 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCGG571

Cordless Grease Gun

Introduction

The **DCGG571 20V MAX Cordless Grease Gun** is designed for fast and efficient lubrication in automotive, agricultural, and industrial applications. Its powerful motor delivers up to 10,000 PSI, and the 42" flexible hose allows access to hard-to-reach fittings.

Key Features

- **High Pressure Output:** Up to 10,000 PSI for tough grease applications.
- **42" Flexible Hose:** Reaches difficult fittings.
- **LED Work Light:** Illuminates fittings and work area.
- **Variable Speed Trigger:** Precise control of grease flow.
- **Ergonomic Design:** Comfortable grip for extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Max Pressure	10,000 PSI
Hose Length	42" (1067 mm)
Grease Flow Rate	Up to 5 oz/min (142 g/min)
LED Work Light	Yes
Weight (tool only)	Approx. 3.6 kg
Accessories Included	Shoulder strap (battery and charger sold separately)

DeWalt DCH133

Cordless SDS-Plus Rotary Hammer

Introduction

The **DCH133 20V MAX Brushless 26mm SDS-Plus Rotary Hammer** is a compact and powerful tool for drilling and chiseling in concrete, masonry, and stone. Its brushless motor delivers high performance and extended runtime, making it ideal for construction and renovation projects.

Key Features

- **Brushless Motor:** Increased efficiency and longer runtime.
- **SDS-Plus Chuck:** Quick and secure bit changes.
- **3-Mode Operation:** Drill, hammer drill, and chisel.
- **Compact Design:** Easy to handle in tight spaces.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Chuck Type	SDS-Plus
Max Drilling Capacity	Concrete: 26 mm
Impact Energy	2.6 Joules
No Load Speed	0-1,550 rpm
Impact Rate	0-5,680 bpm
Weight (tool only)	Approx. 2.3 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCH263

Cordless SDS-Plus Rotary Hammer

Introduction

The **DCH263 20V MAX Brushless 28mm SDS+ 3 Mode Rotary Hammer** is engineered for heavy-duty drilling and chiseling in concrete and masonry. Its brushless motor and 3-mode operation provide versatility and power for demanding construction tasks.

Key Features

- **Brushless Motor:** Delivers high efficiency and extended tool life.
- **SDS+ Chuck:** Quick and secure bit changes.
- **3-Mode Operation:** Drill, hammer drill, and chisel.
- **High Impact Energy:** Up to 3.0 Joules for tough applications.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Chuck Type	SDS+
Max Drilling Capacity	Concrete: 28 mm
Impact Energy	3.0 Joules
No Load Speed	0-1,160 rpm
Impact Rate	0-4,600 bpm
Weight (tool only)	Approx. 3.6 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCH273

Cordless SDS-Plus Rotary Hammer

Introduction

The **DCH273 20V MAX Brushless 24mm SDS-Plus Rotary Hammer** is a compact, high-performance tool designed for drilling and light chiseling in concrete, masonry, and stone. Its brushless motor delivers extended runtime and durability, making it ideal for professional construction and renovation tasks.

Key Features

- **Brushless Motor:** Increased efficiency and longer runtime.
- **SDS-Plus Chuck:** Quick and secure bit changes.
- **3-Mode Operation:** Drill, hammer drill, and chisel.
- **Low Vibration:** Enhanced comfort during extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Chuck Type	SDS-Plus
Max Drilling Capacity	Concrete: 24 mm
Impact Energy	2.1 Joules
No Load Speed	0-1,100 rpm
Impact Rate	0-4,600 bpm
Weight (tool only)	Approx. 2.5 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCK2050P1E1

Cordless SDS-Plus Rotary Hammer

Introduction

The **DCK2050P1E1 20V MAX Brushless ATOMIC™ Combo Kit** from DEWALT is a compact, high-performance cordless tool set designed for professionals and serious DIY users. This kit includes two ATOMIC™ series tools—a drill/driver and an impact driver—both featuring brushless motors for increased efficiency, longer runtime, and enhanced durability. The kit also includes two batteries, a charger, and a TSTAK case for convenient storage and transport, making it ideal for a wide range of drilling and fastening applications.

Key Features

- **ATOMIC™ Compact Design:** Lightweight and easy to use in tight spaces.
- **Brushless Motors:** Provide longer runtime, increased efficiency, and extended tool life.
- **Versatile Kit:** Includes both a drill/driver and an impact driver for a variety of tasks.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries for maximum portability.
- **LED Work Lights:** Illuminate the work area for improved visibility.
- **Ergonomic Grip:** Ensures comfort and control during extended use.
- **Complete Kit:** Includes two batteries, charger, and TSTAK case.

Specifications Table

Specification	Drill/Driver (DCD708)	Impact Driver (DCF809)
Power Source	20V MAX Lithium-Ion Battery (included)	20V MAX Lithium-Ion Battery (included)
Motor Type	Brushless	Brushless
Max Torque	65 Nm	170 Nm
No Load Speed	0-450 / 0-1,650 rpm (2-speed)	0-2,800 rpm
Chuck Size	13 mm (1/2")	1/4" Hex
Max Drilling Capacity	Wood: 30 mm / Metal: 13 mm	-
Impact Rate	-	0-3,200 ipm
Tool Length	160 mm	130 mm
Weight (tool only)	Approx. 1.1 kg	Approx. 1.0 kg
LED Work Light	Yes	Yes
Accessories Included	1 x 5.0Ah battery, 1 x 2.0Ah battery, charger, TSTAK case, belt hooks	

DeWalt DCN623

Cordless Pin Nailer

Introduction

The **DCN623 20V MAX XR® Brushless 23GA. Pin Nailer** is designed for precision fastening in trim, cabinetry, and woodworking. Its brushless motor provides consistent power and extended runtime, while the cordless design offers maximum portability.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **23GA. Pin Capacity:** For fine finish work.
- **Tool-Free Jam Release:** Quick and easy maintenance.
- **LED Work Light:** Illuminates the work area.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Nail Gauge	23GA
Nail Length Range	12 mm – 30 mm
Magazine Capacity	135 pins
Weight (tool only)	Approx. 2.0 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCN890

Cordless Concrete Nailer

Introduction

The **DCN890 18V Cordless Concrete Nailer** is engineered for direct fastening into concrete and steel. Its powerful motor and cordless design make it ideal for construction, electrical, and plumbing installations.

Key Features

- **Cordless Operation:** No gas, hoses, or compressors required.
- **High Power:** Drives nails into concrete and steel.
- **Tool-Free Jam Release:** Easy maintenance.
- **LED Work Light:** Improved visibility.
- **Ergonomic Design:** Comfortable grip.

Specifications Table

Specification	Details
Power Source	18V Lithium-Ion Battery (not included)
Nail Length Range	13 mm – 57 mm
Magazine Capacity	30 nails
Weight (tool only)	Approx. 4.2 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCL045

Cordless Under Bonnet Light

Introduction

The **DCL045 12V-20V MAX XR® Under Bonnet Light** provides powerful, adjustable illumination for automotive and maintenance tasks. Its flexible design fits most bonnets and operates on DEWALT 12V, 18V, and 20V MAX batteries.

Key Features

- **Wide Compatibility:** Works with 12V, 18V, and 20V MAX batteries.
- **High Lumen Output:** Up to 1,700 lumens.
- **Adjustable Arms:** Fits most vehicle bonnets.
- **Multiple Brightness Settings:** For optimal visibility.
- **Cordless Convenience:** Portable and easy to use.

Specifications Table

Specification	Details
Power Source	12V/18V/20V MAX Lithium-Ion Battery (not included)
Lumen Output	Up to 1,700 lumens
Runtime	Up to 5 hours (with 5.0Ah battery)
Weight (tool only)	Approx. 2.0 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCL079

Cordless Tripod Light

DCL079 20V MAX Tripod Light

Introduction

The **DCL079 20V MAX Tripod Light** is a portable, adjustable work light designed for job sites and workshops. Its telescoping tripod provides stable, elevated lighting, and the cordless design offers maximum flexibility.

Key Features

- **High Lumen Output:** Up to 3,000 lumens.
- **Telescoping Tripod:** Adjustable height up to 2.2 meters.
- **Multiple Brightness Settings:** For optimal visibility.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Lumen Output	Up to 3,000 lumens
Runtime	Up to 11 hours (low setting, 5.0Ah battery)
Height	Up to 2.2 meters
Weight (tool only)	Approx. 7.0 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCLE34021

Cordless Compact Cross Line Laser Green

Introduction

The **DCLE34021 20V MAX Compact Cross Line Laser Green** provides bright, accurate laser lines for layout and alignment tasks. Its compact, durable design is ideal for construction and remodeling.

Key Features

- **Green Laser Technology:** Brighter and more visible lines.
- **Self-Leveling:** Accurate and easy setup.
- **Cordless Operation:** Runs on DEWALT 20V MAX batteries.
- **Durable Housing:** Withstands job site conditions.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Laser Color	Green
Range	Up to 30 meters
Accuracy	±3 mm @ 10 meters
Weight (tool only)	Approx. 1.5 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCM200

Cordless Bandfile

Introduction

The **DCM200 20V MAX XR® Brushless 18" Bandfile** is designed for metalworking, fabrication, and finishing tasks. Its brushless motor delivers consistent power and extended runtime, while the slim design allows access to tight spaces.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **18" Bandfile:** For precise grinding and finishing.
- **Variable Speed Control:** Optimizes performance for different materials.
- **LED Work Light:** Illuminates the work area.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Belt Size	18" (457 mm)
No Load Speed	0-3,600 rpm
Weight (tool only)	Approx. 1.5 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS334

Cordless Jigsaw

Introduction

The **DCS334 20V MAX XR® Brushless Jigsaw** is a versatile, high-performance tool for cutting wood, metal, and plastics. Its brushless motor provides extended runtime and durability, while the variable speed trigger and orbital action offer precise control.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **Variable Speed Trigger:** Precise control over cutting speed.
- **Orbital Action:** For faster, smoother cuts.
- **Tool-Free Blade Change:** Quick and easy blade swaps.
- **LED Work Light:** Illuminates the cutting area.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Stroke Length	25 mm
No Load Speed	0-3,200 spm
Bevel Capacity	0-45°
Weight (tool only)	Approx. 1.9 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS334

Cordless Jigsaw

Introduction

The **DCS335 20V MAX XR® Body Grip Jigsaw** offers the same high performance as the DCS334, with a body grip design for enhanced control and comfort during intricate cuts.

Key Features

- **Body Grip Design:** Improved control for detailed work.
- **Brushless Motor:** Longer runtime and durability.
- **Variable Speed Trigger:** Precise cutting speed control.
- **Orbital Action:** For faster, smoother cuts.
- **Tool-Free Blade Change:** Quick and easy blade swaps.
- **LED Work Light:** Illuminates the cutting area.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Stroke Length	25 mm
No Load Speed	0-3,200 spm
Bevel Capacity	0-45°
Weight (tool only)	Approx. 1.9 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS367

Cordless Reciprocating Saw

Introduction

The **DCS367 20V MAX XR® Brushless Compact Reciprocating Saw** is designed for fast, efficient cutting in wood, metal, and plastics. Its compact, lightweight design allows for easy use in tight spaces, while the brushless motor delivers extended runtime and durability.

Key Features

- **Compact Design:** Easy to use in confined spaces.
- **Brushless Motor:** Longer runtime and durability.
- **Tool-Free Blade Change:** Quick and easy blade swaps.
- **Variable Speed Trigger:** Precise control over cutting speed.
- **LED Work Light:** Illuminates the cutting area.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Stroke Length	28.6 mm
No Load Speed	0-2,900 spm
Weight (tool only)	Approx. 2.3 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS373

Cordless Metal Cutting Circular Saw

Introduction

The **DCS373 20V MAX XR® 140mm Metal Cutting Circular Saw** is designed for fast, accurate cutting of metal materials. Its powerful motor and optimized blade deliver clean cuts in steel, aluminum, and other metals, making it ideal for construction and fabrication professionals.

Key Features

- **Brushless Motor:** Delivers longer runtime and durability.
- **140mm Blade:** Optimized for metal cutting.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.
- **Ergonomic Design:** Comfortable grip for extended use.
- **LED Work Light:** Illuminates the cutting area.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Blade Diameter	140 mm
Max Cutting Depth	46 mm
No Load Speed	3,700 rpm
Weight (tool only)	Approx. 3.7 kg
Accessories Included	Metal cutting blade (battery and charger sold separately)

DeWalt DCS382

Cordless Reciprocating Saw

Introduction

The **DCS382 20V MAX Brushless XR® Reciprocating Saw** is a compact, high-performance saw for cutting wood, metal, and plastics. Its brushless motor provides extended runtime and durability, while the lightweight design allows for easy use in tight spaces.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **Compact Design:** Easy to use in confined spaces.
- **Tool-Free Blade Change:** Quick and easy blade swaps.
- **Variable Speed Trigger:** Precise control over cutting speed.
- **LED Work Light:** Illuminates the cutting area.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Stroke Length	29 mm
No Load Speed	0-3,000 spm
Weight (tool only)	Approx. 2.3 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS570

Cordless Circular Saw

Introduction

The **DCS570 20V MAX Brushless XR® 184mm Circular Saw** is engineered for fast, accurate cutting in wood and other materials. Its brushless motor delivers high power and extended runtime, while the 184mm blade provides deep cuts for framing and carpentry.

Key Features

- **Brushless Motor:** High efficiency and durability.
- **184mm Blade:** Deep cutting capacity.
- **Bevel Capacity:** Up to 57° for versatile angled cuts.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.
- **Ergonomic Design:** Comfortable grip.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Blade Diameter	184 mm
Max Cutting Depth	64 mm @ 90°
No Load Speed	5,500 rpm
Bevel Capacity	0-57°
Weight (tool only)	Approx. 3.6 kg
Accessories Included	Blade, blade wrench (battery and charger sold separately)

DeWalt DCS571

Cordless Angle Circular Saw

Introduction

The **DCS571 20V MAX XR® Brushless Compact 115mm Angle Circular Saw** is designed for precision cutting in wood, metal, and plastics. Its compact size and brushless motor make it ideal for tight spaces and overhead applications.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **115mm Blade:** Compact for precision cuts.
- **Ergonomic Design:** Lightweight and easy to handle.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Blade Diameter	115 mm
Max Cutting Depth	38 mm
No Load Speed	4,500 rpm
Weight (tool only)	Approx. 2.5 kg
Accessories Included	Blade, blade wrench (battery and charger sold separately)

DeWalt DCW220

Cordless Belt Sander

Introduction

The **DCW220 20V MAX XR® Brushless Belt Sander** is designed for fast material removal and surface finishing. Its brushless motor and variable speed control provide consistent performance for woodworking and carpentry.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **Variable Speed Control:** Optimizes sanding for different materials.
- **Large Sanding Area:** 75mm x 533mm belt size.
- **Dust Collection:** Integrated port for cleaner work.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Belt Size	75mm x 533mm
No Load Speed	0-320 m/min
Weight (tool only)	Approx. 3.5 kg
Accessories Included	Dust bag (battery and charger sold separately)

DeWalt DCE100

Cordless Belt Sander

Introduction

The **DCE100 20V MAX Compact Jobsite Blower** is a lightweight, portable blower for quick cleanup of debris and dust on job sites. Its compact design and variable speed trigger make it easy to use in tight spaces.

Key Features

- **Compact Design:** Lightweight and easy to maneuver.
- **Variable Speed Trigger:** Precise control over airflow.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.
- **Multiple Nozzle Attachments:** For versatile use.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Air Volume	Up to 100 CFM
Air Speed	Up to 160 km/h
Weight (tool only)	Approx. 1.3 kg
Accessories Included	3 nozzle attachments (battery and charger sold separately)

DeWalt DCE512

Cordless Jobsite Fan

Introduction

The **DCE512 20V MAX Jobsite Fan** provides powerful, portable cooling for job sites and workshops. Its adjustable head and multiple speed settings offer flexible airflow wherever you need it.

Key Features

- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.
- **Adjustable Head:** Directs airflow where needed.
- **Multiple Speed Settings:** For optimal comfort.
- **Compact Design:** Easy to transport and position.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Airflow	Up to 500 CFM
Speed Settings	3
Weight (tool only)	Approx. 2.6 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCE512

Cordless String Trimmer

Introduction

The **DCMST561 20V MAX XR® String Trimmer** is designed for efficient trimming and edging of lawns and gardens. Its brushless motor and lightweight design provide extended runtime and easy maneuverability.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **14" Cutting Swath:** Covers more area quickly.
- **Variable Speed Trigger:** Optimizes power and runtime.
- **Ergonomic Design:** Comfortable grip and balance.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Cutting Swath	14" (355 mm)
Line Diameter	2.0 mm
Weight (tool only)	Approx. 3.5 kg
Accessories Included	Spool (battery and charger sold separately)

DeWalt DCM565

Cordless 10" Chainsaw

Introduction

The **DCM565 20V MAX Brushless XR® 10" Chainsaw** is a compact, powerful tool for pruning, limbing, and cutting small trees. Its brushless motor delivers high performance and extended runtime, while the 10" bar and chain provide clean, efficient cuts.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **10" (300mm) Bar and Chain:** For efficient cutting.
- **Automatic Oiling System:** Ensures constant lubrication.
- **Tool-Free Chain Tensioning:** Quick adjustments.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Bar Length	10" (300 mm)
Chain Speed	7.68 m/s
Weight (tool only)	Approx. 3.3 kg
Accessories Included	Bar cover (battery and charger sold separately)

DeWalt DCMPP568

Cordless 38mm Pruner

Introduction

The **DCMPP568 20V MAX Brushless XR® 38mm Pruner** is designed for fast, effortless pruning of branches and shrubs. Its brushless motor and ergonomic design make it ideal for landscaping and gardening professionals.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **38mm Cutting Capacity:** Handles thick branches.
- **Tool-Free Blade Change:** Quick and easy maintenance.
- **Ergonomic Design:** Comfortable grip for extended use.
- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Max Cutting Capacity	38 mm
Weight (tool only)	Approx. 1.5 kg
Accessories Included	Blade (battery and charger sold separately)

DeWalt DCV580

Cordless Wet-Dry Vacuum

Introduction

The **DCV580 20V MAX Cordless Wet-Dry Vacuum** is a portable, powerful solution for jobsite cleanup. Designed for both wet and dry applications, it offers cordless convenience and easy portability for professionals and DIY users.

Key Features

- **Cordless Operation:** Runs on DEWALT 20V MAX batteries.
- **Wet & Dry Capability:** Handles spills and debris.
- **Washable Filter:** Easy maintenance and reuse.
- **Integrated Hose & Accessory Storage:** Keeps everything organized.
- **Heavy-Duty Construction:** Built for jobsite durability.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Tank Capacity	2 gallons (7.5 liters)
Hose Length	5 feet (1.5 m)
Airflow	31 CFM
Weight (tool only)	Approx. 4.7 kg
Accessories Included	Hose, crevice tool, wide nozzle (battery and charger sold separately)

DeWalt DCV501

Cordless Stick Vacuum

Introduction

The **DCV501 20V MAX Brushed ATOMIC Stick Vacuum** is a lightweight, cordless stick vacuum designed for quick cleanup on jobsites, workshops, and around the home. Its compact design and powerful suction make it ideal for dust and debris.

Key Features

- **Cordless Convenience:** Operates on DEWALT 20V MAX batteries.
- **Lightweight & Compact:** Easy to maneuver and store.
- **HEPA Filter:** Captures fine dust particles.
- **Multiple Attachments:** For versatile cleaning.

Specifications Table

Specification	Details
Power Source	20V MAX Lithium-Ion Battery (not included)
Motor Type	Brushed
Filter Type	HEPA
Weight (tool only)	Approx. 1.5 kg
Accessories Included	Floor head, crevice tool (battery and charger sold separately)

DeWalt DCD700

Cordless Drill Driver

Introduction

The **DCD700 12V MAX XR® Drill Driver** is a compact, lightweight drill designed for precision drilling and fastening in tight spaces. Its efficient motor and ergonomic design make it ideal for professionals and DIY users.

Key Features

- **Compact & Lightweight:** Easy to use in confined spaces.
- **Efficient Motor:** Delivers reliable performance.
- **Ergonomic Grip:** Comfortable for extended use.
- **LED Work Light:** Illuminates the work area.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Chuck Size	10 mm (3/8")
No Load Speed	0-425 / 0-1,500 rpm (2-speed)
Max Torque	34 Nm
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCD703

Cordless Drill Driver

Introduction

The **DCD703 12V MAX Brushless XTREME™ 5-in-1 Drill Driver** offers unmatched versatility with five interchangeable heads for drilling and fastening in various materials and angles. Its brushless motor provides extended runtime and durability.

Key Features

- **5-in-1 Design:** Includes offset, right angle, 1/4" hex, 3/8" chuck, and screwdriver heads.
- **Brushless Motor:** Longer runtime and tool life.
- **Compact & Lightweight:** Ideal for tight spaces.
- **LED Work Light:** Improved visibility.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	34 Nm
No Load Speed	0-425 / 0-1,500 rpm (2-speed)
Chuck Size	10 mm (3/8")
Weight (tool only)	Approx. 1.0 kg
Accessories Included	5 heads, belt hook (battery and charger sold separately)

DeWalt DCD706

Cordless Sub-Compact Hammer Drill

Introduction

The **DCD706 12V MAX Brushless XTREME™ Sub-Compact Hammer Drill** is designed for drilling in wood, metal, and masonry. Its brushless motor and compact size make it perfect for overhead and tight-space applications.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **Hammer Function:** For masonry drilling.
- **Compact & Lightweight:** Easy to handle.
- **LED Work Light:** Illuminates the work area.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Max Torque	32 Nm
No Load Speed	0-425 / 0-1,500 rpm (2-speed)
Chuck Size	10 mm (3/8")
Hammer Action	Yes
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Belt hook, kit box (battery and charger sold separately)

DeWalt DCD716

Cordless Hammer Drill Driver

Introduction

The **DCD716 12V MAX 10MM Hammer Drill Driver** is a compact, versatile tool for drilling and fastening in wood, metal, and masonry. Its lightweight design and hammer function make it ideal for a variety of tasks.

Key Features

- **Hammer Function:** For masonry drilling.
- **Compact & Lightweight:** Easy to use in tight spaces.
- **LED Work Light:** Improved visibility.
- **Ergonomic Grip:** Comfortable for extended use.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Chuck Size	10 mm (3/8")
No Load Speed	0-400 / 0-1,500 rpm (2-speed)
Max Torque	30 Nm
Hammer Action	Yes
Weight (tool only)	Approx. 1.1 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF500

Cordless Sealed Head Ratchet

Introduction

The **DCF500 12V MAX XR Brushless 1/4" & 3/8" Sealed Head Ratchet** is a versatile, high-performance ratchet for automotive and maintenance professionals. Its brushless motor and sealed head design ensure durability and long life.

Key Features

- **Brushless Motor:** Longer runtime and tool life.
- **Sealed Head Design:** Protects against dust and debris.
- **Interchangeable Anvil:** Switch between 1/4" and 3/8" drive sizes.
- **LED Work Light:** Illuminates the work area.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Motor Type	Brushless
Drive Size	1/4" & 3/8" interchangeable
Max Torque	40 Nm (3/8"), 30 Nm (1/4")
No Load Speed	0-250 rpm
Weight (tool only)	Approx. 0.9 kg
Accessories Included	1/4" & 3/8" anvils (battery and charger sold separately)

DeWalt DCF503

Cordless Ratchet

Introduction

The **DCF503 12V 3/8 Cordless Ratchet** is a compact, lightweight ratchet designed for fast, efficient fastening in tight spaces. Its cordless design offers maximum portability for automotive and maintenance tasks.

Key Features

- **Compact & Lightweight:** Easy to use in confined spaces.
- **Variable Speed Trigger:** Precise control.
- **LED Work Light:** Illuminates the work area.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Drive Size	3/8"
Max Torque	40 Nm
No Load Speed	0-250 rpm
Weight (tool only)	Approx. 0.9 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCF805

Cordless Impact Driver

Introduction

The **DCF805 12V MAX Impact Driver** is a compact, powerful tool for fastening screws and bolts. Its lightweight design and efficient motor make it ideal for overhead and tight-space applications.

Key Features

- **Compact & Lightweight:** Easy to use in confined spaces.
- **Efficient Motor:** Delivers reliable performance.
- **LED Work Light:** Illuminates the work area.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Chuck Type	1/4" Hex
Max Torque	105 Nm
No Load Speed	0-950 / 0-2,850 rpm (2-speed)
Impact Rate	0-3,600 ipm
Weight (tool only)	Approx. 0.8 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF902

Cordless Impact Wrench

Introduction

The **DCF902 12V XR BL Sub-Compact 3/8 Impact Wrench** is a powerful, lightweight tool for fastening and loosening bolts in tight spaces. Its brushless motor delivers high torque and extended runtime.

Key Features

- **Brushless Motor:** Longer runtime and durability.
- **Compact & Lightweight:** Ideal for tight spaces.
- **LED Work Light:** Illuminates the work area.

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Drive Size	3/8"
Max Torque	168 Nm
No Load Speed	0-2850 rpm
Impact Rate	0-3600 ipm
Weight (tool only)	Approx. 0.9 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF901

Cordless Impact Wrench

Introduction

The **DeWalt DCF901 12V 1/2" Impact Wrench** is a compact, high-torque tool designed for automotive, maintenance, and assembly professionals. Its lightweight design and powerful motor make it ideal for fastening and loosening bolts in tight spaces.

Key Features

- Compact & lightweight for confined spaces
- High torque output up to 168 Nm
- LED work light for improved visibility
- Variable speed trigger for precise control

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Drive Size	1/2"
Max Torque	168 Nm
No Load Speed	0-2850 rpm
Impact Rate	0-3600 ipm
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Belt hook (battery and charger sold separately)

DeWalt DCF901

Cordless 12V MAX Combo

Introduction

The **DeWalt DCK211D2T-B1 12V MAX Combo Kit** includes a drill driver and an impact driver, both compact and lightweight for versatile use. The kit comes with batteries, charger, and a clear TSTAK case for convenient storage and transport.

Key Features

- Compact & lightweight for tight spaces and overhead work
- Brushless motors for longer runtime and durability
- LED work lights for improved visibility
- Complete kit with batteries, charger, and TSTAK case

Specifications Table

Specification	Drill Driver (DCD710)	Impact Driver (DCF815)
Power Source	12V MAX Lithium-Ion Battery (included)	12V MAX Lithium-Ion Battery (included)
Chuck Size	10 mm (3/8")	1/4" Hex
Max Torque	24 Nm	107 Nm
No Load Speed	0-400 / 0-1,500 rpm (2-speed)	0-2,450 rpm
Impact Rate	-	0-3,400 ipm
Weight (tool only)	Approx. 1.1 kg	Approx. 0.9 kg
Accessories Included	2 x batteries, charger, TSTAK case	2 x batteries, charger, TSTAK case

DeWalt DCS310

Cordless Reciprocating Saw

Introduction

The **DeWalt DCS310 12V MAX Brushless XTREME™ One Handed Reciprocating Saw** is designed for fast, efficient cutting in wood, metal, and plastics. Its compact, lightweight design allows for easy use in tight spaces and one-handed operation.

Key Features

- Brushless motor for longer runtime and durability
- One-handed operation for compact and lightweight use
- Tool-free blade change for quick swaps
- LED work light for improved visibility

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Stroke Length	16 mm
No Load Speed	0-2,800 spm
Weight (tool only)	Approx. 1.2 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS312

Cordless Reciprocating Saw

Introduction

The **DeWalt DCS312 12V MAX Compact Recip Saw** is a lightweight, versatile saw for cutting wood, metal, and plastics. Its compact design and variable speed trigger make it ideal for overhead and tight-space applications.

Key Features

- Compact & lightweight for confined spaces
- Variable speed trigger for precise control
- Tool-free blade change for quick swaps
- LED work light for improved visibility

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Stroke Length	16 mm
No Load Speed	0-2,800 spm
Weight (tool only)	Approx. 1.2 kg
Accessories Included	N/A (battery and charger sold separately)

DeWalt DCS353

Cordless Oscillating Tool

Introduction

The **DeWalt DCS353 12V MAX Brushless Oscillating Tool** is a versatile, multi-purpose tool for cutting, sanding, scraping, and more. Its brushless motor and compact design make it ideal for a variety of applications.

Key Features

- Brushless motor for longer runtime and durability
- Variable speed control for optimized performance
- Tool-free accessory change for quick swaps
- LED work light for improved visibility

Specifications Table

Specification	Details
Power Source	12V MAX Lithium-Ion Battery (not included)
Oscillation Rate	0-18,000 opm
Weight (tool only)	Approx. 1.0 kg
Accessories Included	Universal accessory adapter (battery and charger sold separately)

DeWalt DWE4118

Cordless Angle Grinder

Introduction

The **DeWalt DWE4118 950W 4" Variable Speed Small Angle Grinder** is designed for professional cutting and grinding applications. Its powerful motor and variable speed control provide versatility for different materials.

Key Features

- Variable speed control for optimized performance
- 4" (100 mm) wheel capacity for versatile cutting and grinding
- Ergonomic design for comfortable grip
- Spindle lock for easy wheel changes

Specifications Table

Specification	Details
Power Source	Corded (220-240V)
Power	950W
Wheel Diameter	4" (100 mm)
No Load Speed	2,800-11,800 rpm
Weight	Approx. 1.7 kg
Accessories Included	Guard, side handle, wrench

DeWalt D28720

Corded Chopsaw

Introduction

The **DeWalt D28720 2200W 14" Corded Chopsaw** is a powerful, durable tool for cutting metal pipes, rods, and profiles. Its robust motor and large cutting capacity make it ideal for industrial and construction applications.

Key Features

- High power motor (2,200W) for tough cutting tasks
- 14" (355 mm) blade for large cutting capacity
- Quick-lock vise for fast and secure material clamping
- Ergonomic handle for comfortable use

Specifications Table

Specification	Details
Power Source	Corded (220-240V)
Power	2,200W
Blade Diameter	14" (355 mm)
Max Cutting Capacity	130 mm (round), 115 mm (square)
No Load Speed	3,800 rpm
Weight	Approx. 18.0 kg
Accessories Included	Blade, wrench

DeWalt D25614K

Corded SDS Max Combination Hammer

Introduction

The **DeWalt D25614K 1350W 45mm SDS Max Combination Hammer** is engineered for heavy-duty drilling and chiseling in concrete and masonry. Its powerful motor and high impact energy make it ideal for construction and demolition.

Key Features

- High impact energy (10.5 Joules) for tough applications
- SDS Max chuck for quick and secure bit changes
- Variable speed for optimized performance
- Anti-vibration system for enhanced comfort

Specifications Table

Specification	Details
Power Source	Corded (220-240V)
Power	1,350W
Chuck Type	SDS Max
Max Drilling Capacity	45 mm
Impact Energy	10.5 Joules
No Load Speed	210-415 rpm
Impact Rate	1,430-2,840 bpm
Weight	Approx. 6.8 kg
Accessories Included	Side handle, depth rod, kit box

DeWalt D25811K

Corded Demolition Hammer

Introduction

The **DeWalt D25811K 1050W 17mm Hex Demolition Hammer** is designed for light to medium demolition tasks in concrete and masonry. Its powerful motor and compact design make it ideal for renovation and construction.

Key Features

- High impact energy (7.1 Joules) for effective demolition
- 17mm hex chuck for secure bit retention
- Compact & lightweight for easy handling
- Anti-vibration system for enhanced comfort

Specifications Table

Specification	Details
Power Source	Corded (220-240V)
Power	1,050W
Chuck Type	17mm Hex
Impact Energy	7.1 Joules
Impact Rate	2,840 bpm
Weight	Approx. 5.0 kg
Accessories Included	Side handle, kit box

DeWalt D25881K

Corded Demolition Hammer

Introduction

The **DeWalt D25881K 1600W SDS-MAX Demolition Hammer** is built for heavy-duty demolition in concrete and masonry. Its high impact energy and robust construction make it ideal for demanding jobsite conditions.

Key Features

- Extreme impact energy (17.5 Joules) for tough demolition
- SDS-MAX chuck for quick and secure bit changes
- Heavy-duty construction for durability
- Anti-vibration system for enhanced comfort

Specifications Table

Specification	Details
Power Source	Corded (220-240V)
Power	1,600W
Chuck Type	SDS-MAX
Impact Energy	17.5 Joules
Impact Rate	1,500 bpm
Weight	Approx. 10.0 kg
Accessories Included	Side handle, kit box

DeWalt D25911K

Corded Demolition Hammer

Introduction

The **DeWalt D25911K 1700W 11Kg 27J Inline Brushless Demolition Hammer** is engineered for heavy-duty demolition tasks in concrete and masonry. Its powerful brushless motor delivers high impact energy and durability, while the inline design provides improved control and comfort for demanding jobsite conditions.

Key Features

- **Brushless Motor:** Delivers longer runtime, increased efficiency, and extended tool life.
- **High Impact Energy:** 27 Joules for tough demolition applications.
- **Inline Design:** Enhanced control and ergonomics.
- **Heavy-Duty Construction:** Built for durability in harsh environments.
- **Anti-Vibration System:** Reduces user fatigue.

Specifications Table

Specification	Details
Power Source	Corded (220-240V)
Power	1700W
Impact Energy	27 Joules
Impact Rate	1050-2100 bpm
Weight	11 kg
Accessories Included	Side handle, kit box

DeWalt DCL182

Rechargeable LED Task Light

Introduction

The **DeWalt DCL182 Rechargeable LED Task Light** is a compact, portable lighting solution for job sites, workshops, and home use. Its rechargeable battery and bright LED output make it ideal for illuminating work areas with ease.

Key Features

- **Rechargeable Battery:** Convenient USB charging.
- **Bright LED Output:** Up to 1,000 lumens for clear visibility.
- **Adjustable Head:** Directs light where needed.
- **Compact & Lightweight:** Easy to carry and position.
- **Multiple Brightness Settings:** For optimal illumination.

Specifications Table

Specification	Details
Power Source	Rechargeable battery (USB charging)
Lumen Output	Up to 1,000 lumens
Runtime	Up to 6 hours (low setting)
Weight	Approx. 0.5 kg
Accessories Included	USB charging cable

DeWalt DCL183

Rechargeable Flashlight

Introduction

The **DeWalt DCL183 USB-C Rechargeable Flashlight** is a rugged, high-output flashlight designed for professionals and outdoor enthusiasts. Its USB-C rechargeable battery and durable construction make it ideal for job sites, camping, and emergency use.

Key Features

- **USB-C Rechargeable Battery:** Fast and convenient charging.
- **High Lumen Output:** Up to 1,000 lumens for powerful illumination.
- **Multiple Modes:** Adjustable brightness settings.
- **Durable Construction:** Water and impact resistant.
- **Compact Design:** Easy to carry and store.

Specifications Table

Specification	Details
Power Source	Rechargeable battery (USB-C charging)
Lumen Output	Up to 1,000 lumens
Runtime	Up to 6 hours (low setting)
Weight	Approx. 0.3 kg
Accessories Included	USB-C charging cable

DeWalt DCR009

Rechargeable Bluetooth Speaker

Introduction

The **DeWalt DCR009 USB-C Rechargeable Bluetooth Speaker** is a compact, durable speaker designed for job sites, workshops, and outdoor use. Its USB-C rechargeable battery and Bluetooth connectivity provide convenient, high-quality audio wherever you need it.

Key Features

- **USB-C Rechargeable Battery:** Provides hours of playback.
- **Bluetooth Connectivity:** Stream music wirelessly from your devices.
- **Rugged Design:** Built to withstand jobsite conditions.
- **Compact & Portable:** Easy to carry and position.
- **Clear Sound Quality:** Delivers rich, powerful audio.

Specifications Table

Specification	Details
Power Source	Rechargeable battery (USB-C charging)
Connectivity	Bluetooth
Playback Time	Up to 8 hours
Weight	Approx. 0.7 kg
Accessories Included	USB-C charging cable
