Spill Kit – Static Bin

RS Stock No.: 0360088

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

RS PRO 80 litre AdBlue static bin spill kit is the complete response tool for most types of spills but has been specifically designed for use with AdBlue spills. AdBlue spill kits contain blue sorbent pads, sorbent socks and accessories to manage spills effectively. The static bin is weather resistant and re-useable. Spill kits are typically positioned in close proximity to potential risk of spillage. The contents are ergonomically packed to allow for quick and easy application in case of emergency.
