

FEATURES

- **0.5m cable length:** Perfect for use in tight spaces where longer cables are unnecessary
- **IEC C7 connector:** Compatible with a wide range of electronic devices
- **EN 50075 connector:** Ensures secure connections to power sources
- **2.5 A current rating:** Supports devices with moderate power requirements
- **250 V voltage rating:** Suitable for standard voltage applications
- **Black PVC jacket:** Durable and resistant to wear, providing long-lasting protection
- **Straight plug and socket:** Simplifies connections and reduces strain on the cable

RS PRO 0.5m Power Cable, IEC C7 Connector

RS Stock No: 558-945

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO power cable is designed for reliable electrical connections in various applications. With a length of 0.5 metres, it is ideal for use in compact spaces where a short cable is required. The cable features an IEC C7 connector on one end and an EN 50075 connector on the other, making it suitable for a range of devices.

General Specifications

Connector Type A	IEC C7
Connector Type B	EN 50075
Jacket Colour	Black
Mains Socket Type	Straight
Product Type	Power Cable

Mechanical Specifications

Cable Length	0.5 m
Jacket Material	Polyvinyl Chloride

Electrical Specifications

Current Rating	2.5 A
Mains Plug Type	Straight
Voltage	250 V

Approvals

Standards/Approvals	CCCs, CSA, EAC, ENEC 11, JET, PSE, RCM N10544, UL
