Development and etching supplies

## Bat (medium-sized) BUT-3

RoHS Compliance

Part number : BUT-3

Use : Substrate fabrication equipment

## Product Description

Strongly to acid and alkali, it is seamless type of bat no leak.

## Product Features

- You can use it also for etching also for development.
- the right image is the use cases. BUT-3 bat (small) and does not include other products.

## Main Specifications

Material	: Polyethylene resin
Upper temperature limit	: 70 °C
Base dimension	: 210 × 280mm
