

## FEATURES

- **Sintered Bronze Material:** Offers excellent wear resistance and longevity.
- **8 mm Length:** Compact design suitable for tight spaces.
- **16.04 mm Outside Diameter:** Ensures a secure fit in compatible housings.
- **9.98 mm Shaft Diameter:** Provides a precise fit for optimal performance.

## RS PRO 8 mm Sintered Bronze Plain Bearing

RS Stock No: 528-962

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from high-quality sintered bronze, it provides excellent durability and reduced friction, making it ideal for use in demanding environments. Its compact size and robust construction ensure reliable performance in a wide range of industrial settings.

## General Specifications

Product Type	Plain Bearing
Shaft Diameter	9.98 mm

## Mechanical Specifications

Length	8 mm
Material	Sintered Bronze
Outside Diameter	16.04 mm
