

## FEATURES

- **Nylon Material:** Offers excellent durability and resistance to wear and tear.
- **500m Length:** Provides sufficient cord for large projects or multiple applications.
- **1mm Width:** Ideal for precise and secure cable bundling.
- **9.97kg Tensile Strength:** Ensures strong and reliable performance under tension.
- **Black Colour:** Provides a professional appearance and easy identification.

## RS PRO 500m Nylon Lacing Cord, 9.97kg Tensile Strength

RS Stock No: 245-805

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price

## Product Description

This RS PRO nylon lacing cord is designed for bundling and securing cables in various industrial environments. With a length of 500 metres, it provides ample material for extensive use, ensuring cables are neatly organised and protected. The cord's high tensile strength of 9.97 kg ensures durability and reliability in demanding applications.

## General Specifications

Colour	Black
Product Type	Lacing Cord
Tensile Strength	9.97 kg

## Mechanical Specifications

Length	500 m
Material	Nylon
Width	1 mm

## Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, ELV, REACH, RoHS
