

FEATURES

- **Sintered Bronze Material:** Provides high strength and excellent wear resistance, ensuring long-lasting performance.
- **1-1/4 in Length:** Suitable for applications requiring specific dimensional compatibility.
- **0.87 in Outside Diameter:** Ensures a precise fit in compatible housings, reducing vibration and noise.
- **0.74 in Shaft Diameter:** Designed for optimal compatibility with standard shaft sizes, facilitating easy integration.
- **Plain Bearing Design:** Offers smooth operation with minimal friction, enhancing efficiency.

RS PRO 1-1/4 in Plain Bearing, Sintered Bronze

RS Stock No: 528-127

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed to provide reliable performance in a variety of industrial applications. Made from sintered bronze, it offers excellent durability and resistance to wear, making it ideal for use in environments where longevity and low maintenance are crucial.
